

THE
QUEEN'S
FIVE

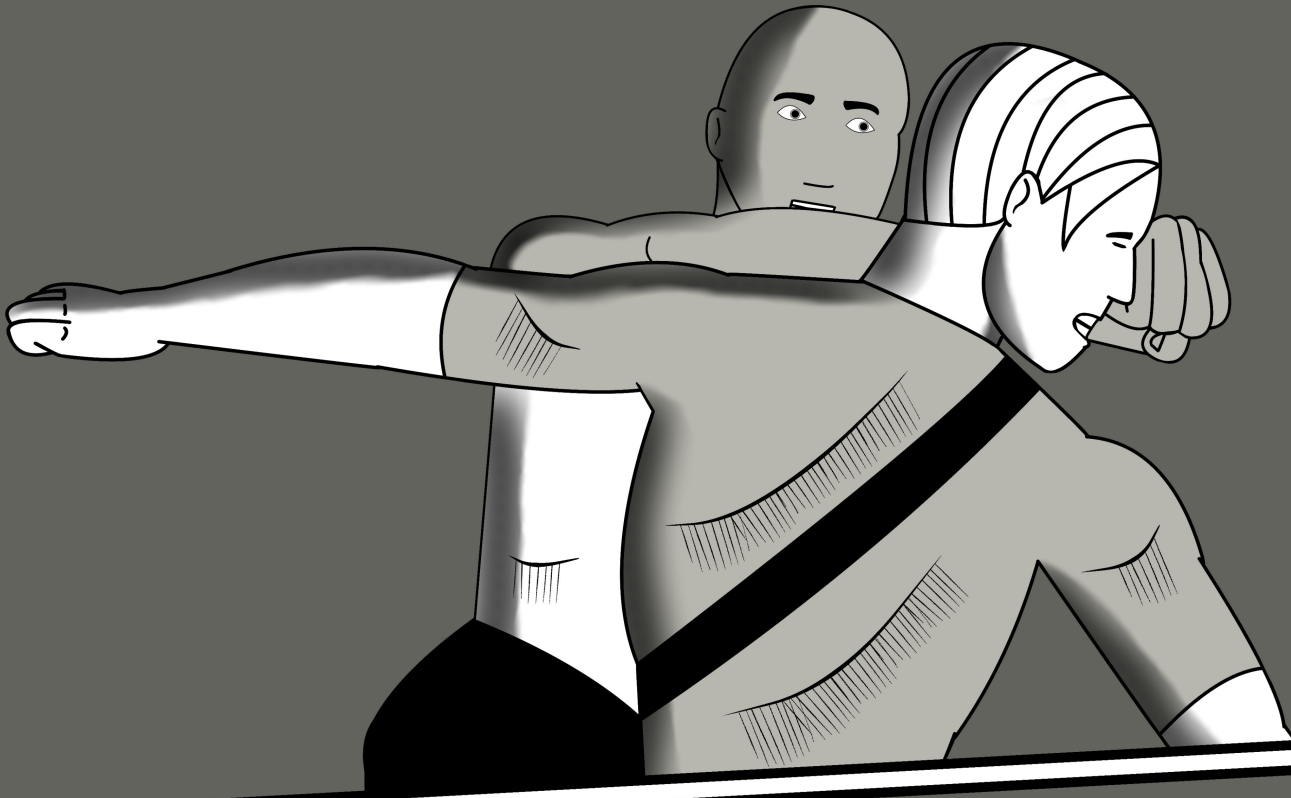

29

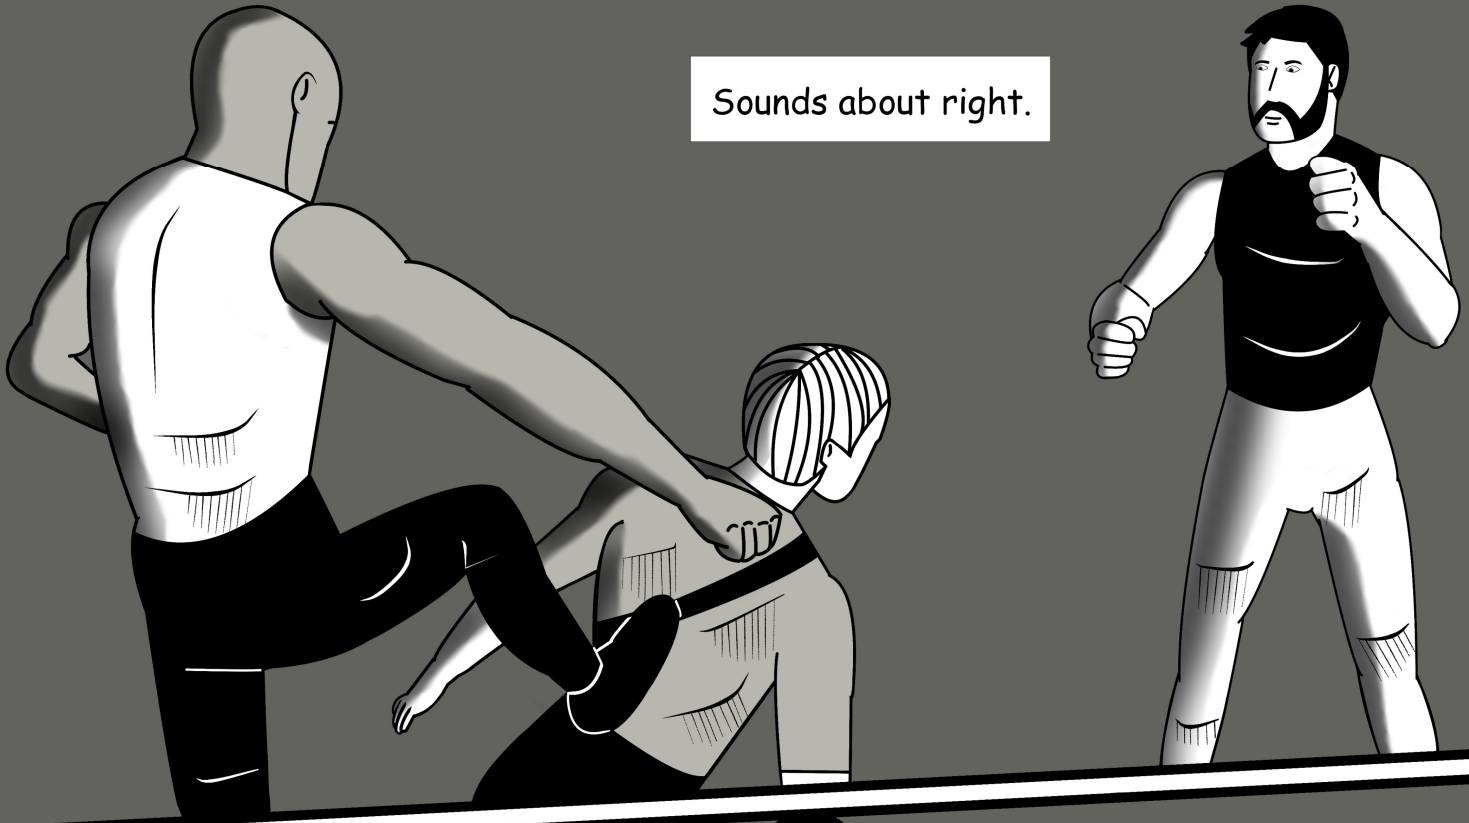

CLOSING
IN

*Nepo is captured.
The brothers are
looking for Hiram
and his family.*

Here I find myself
getting beat by men
I tried to help.

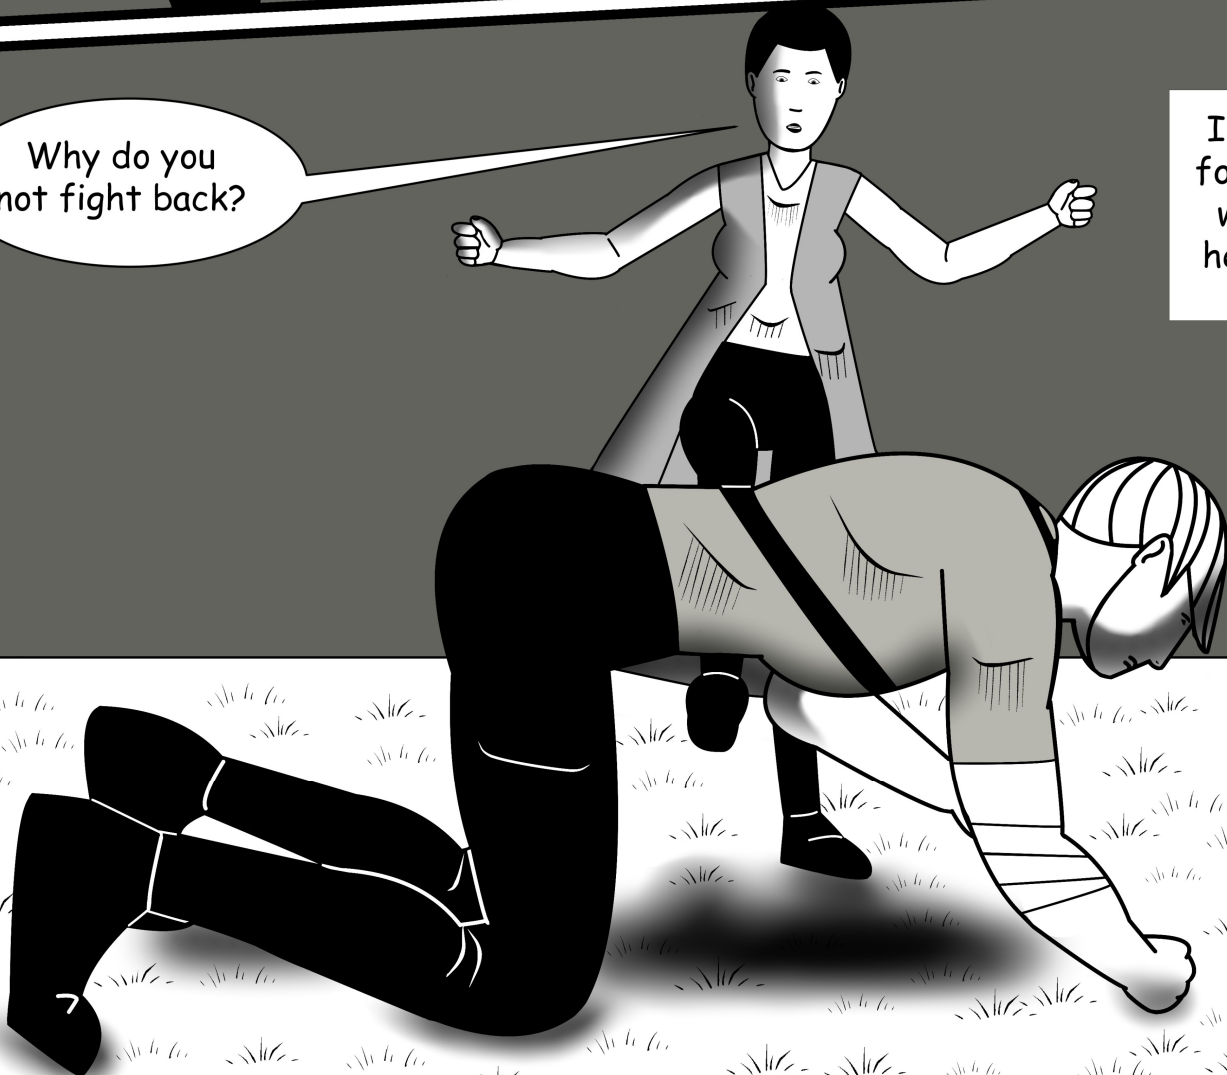

Sounds about right.

Why do you
not fight back?

I am sure this is all
for Smith. His death
was deserved but
he meant something
to them.

What would that prove?

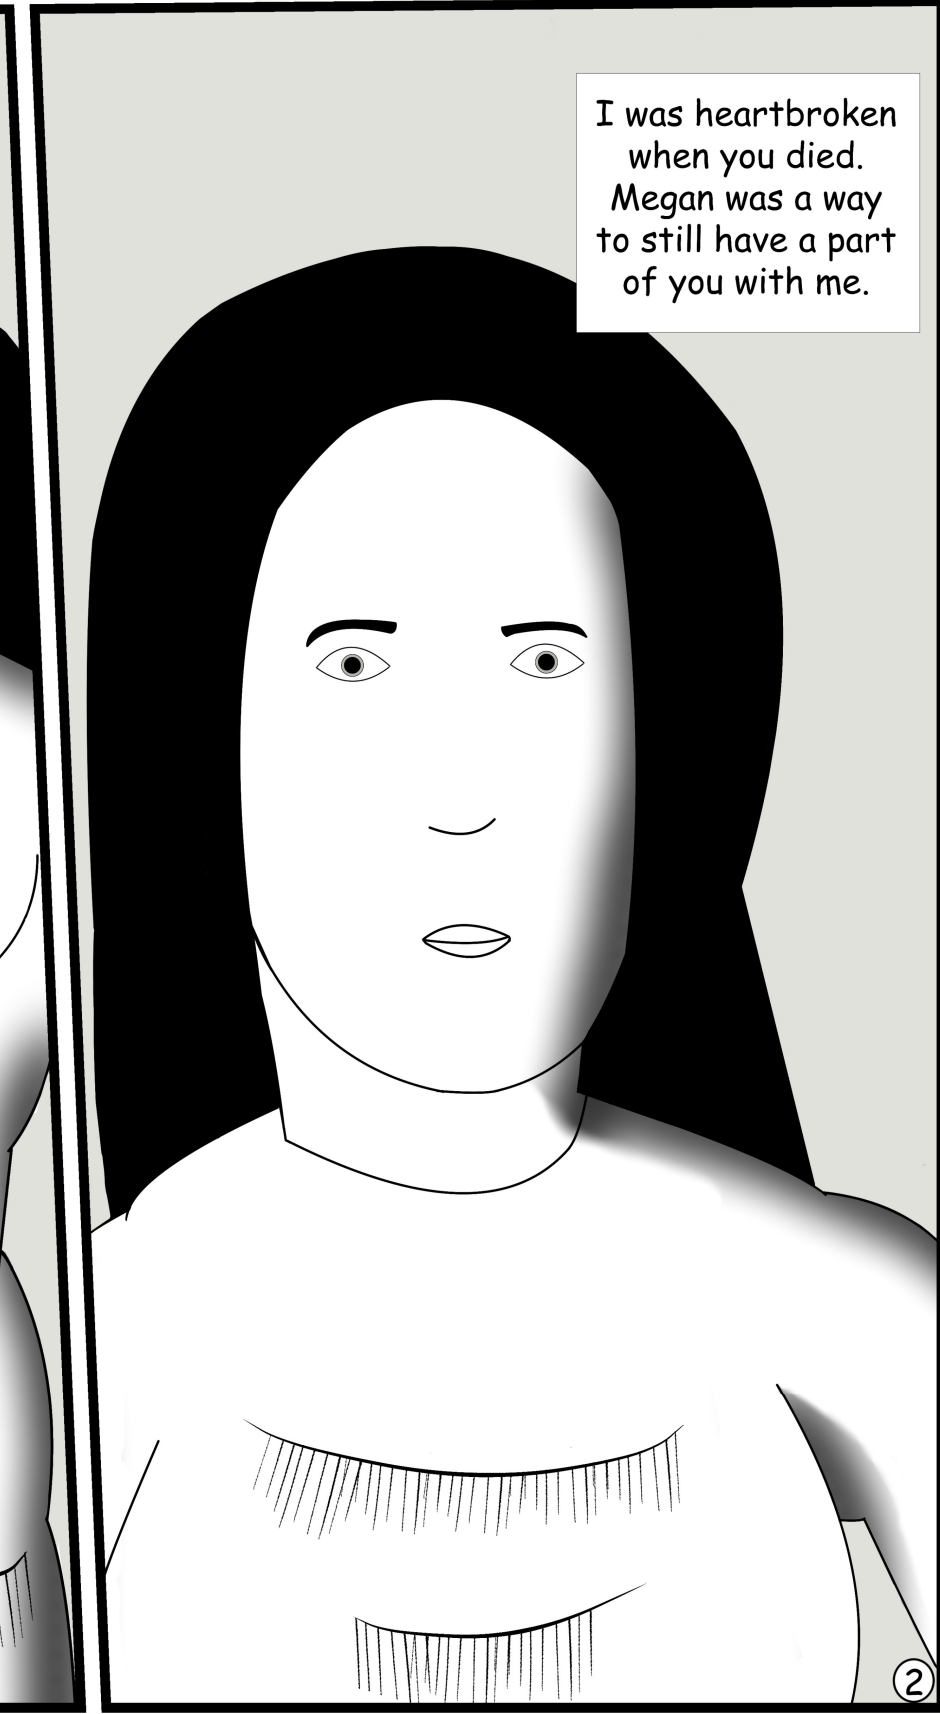

Also, I am giving the others time to get back home.

Home...
Mallory.

We were so happy.
You gave me our
little Megan. I
miss you everyday.

I was heartbroken
when you died.
Megan was a way
to still have a part
of you with me.

No you do not get to escape! Focus on us!!!!

Maybe I am just not impressed.

Shut up!!!

WHACK

Where is my father?

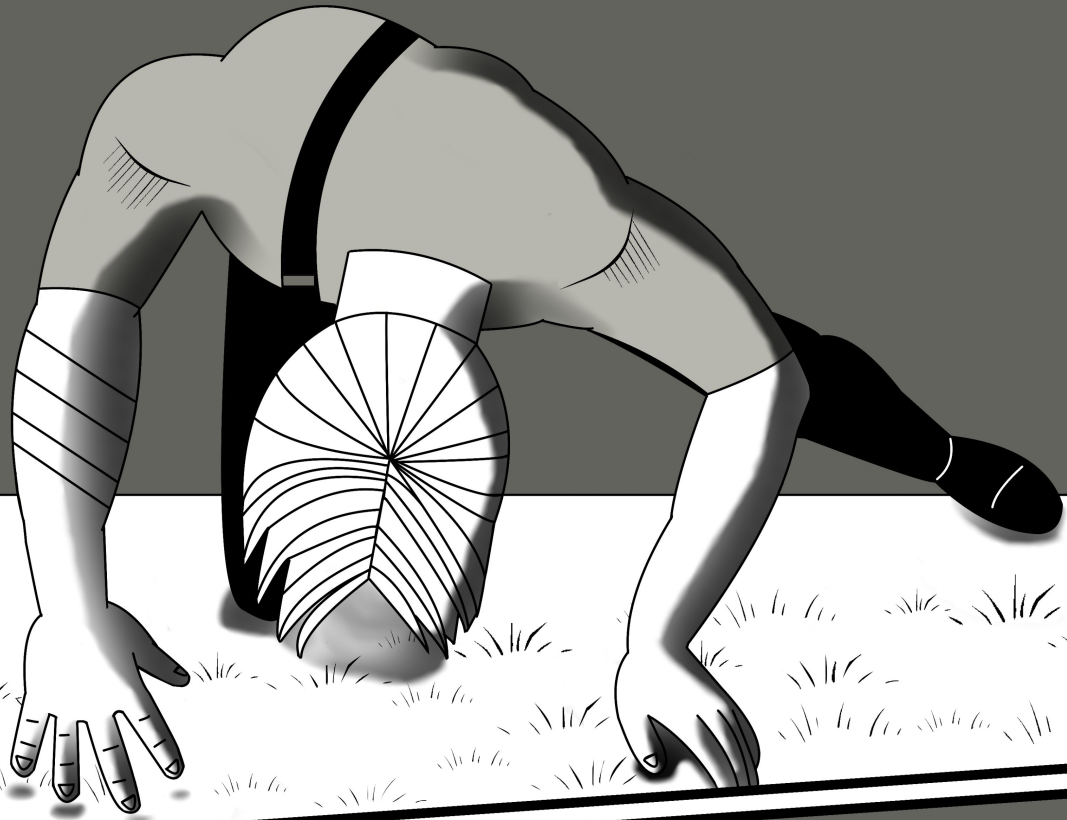

Megan, he will be safe. I have to do something right now. They want our home. They do not want to kill us.

I am scared.

I know you are. Stay strong.

Think of Megan.
Stay with her.

Get up leader.
Be a man.

Wade...tough
man...saved
from a cage
by a child.

**I will
kill
you!!!**

SMACK

You are weak Wade.

I am bored. Grab him.
We will use their
tunnel.

No!!!

Now who is weak?

After this Nepo,
you are dead.

This is a mistake.

I will kill you right here.

What of the people you met?
Woman and children.

That is not our problem. They are free to leave or die.

My plan has changed. I am going to kill you in front of Megan.

Well it is always good to have a plan.

Always find a way in.

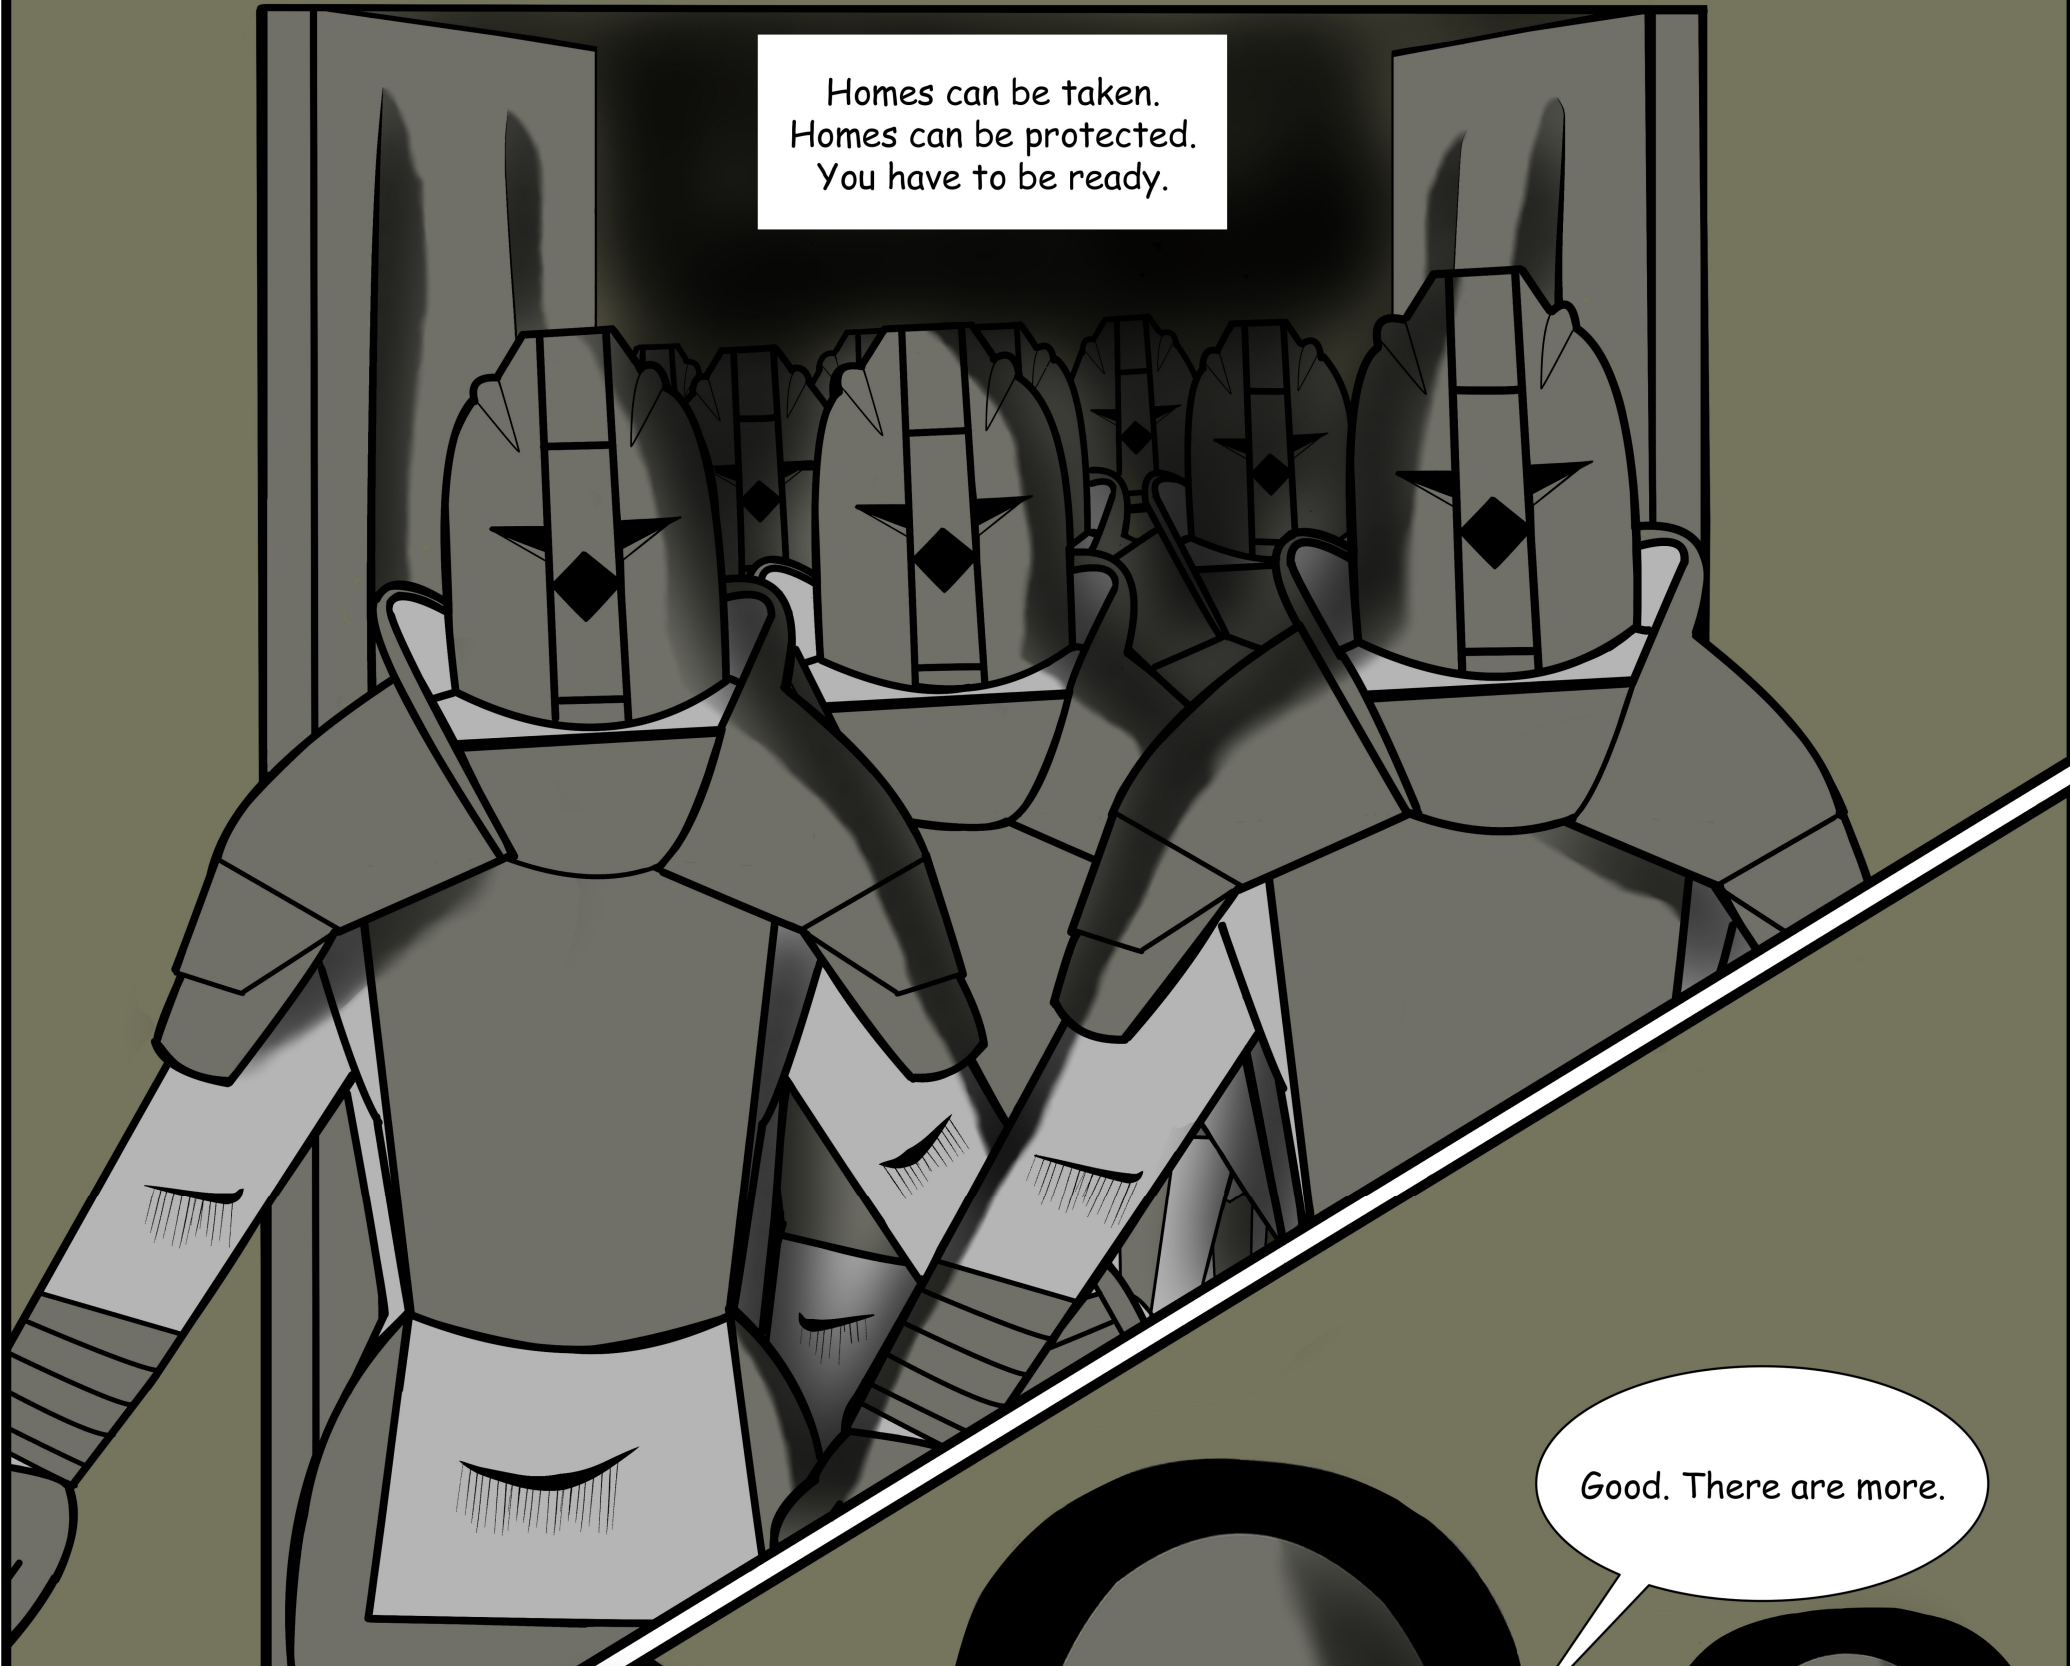

What? Only you two?

You hear that?

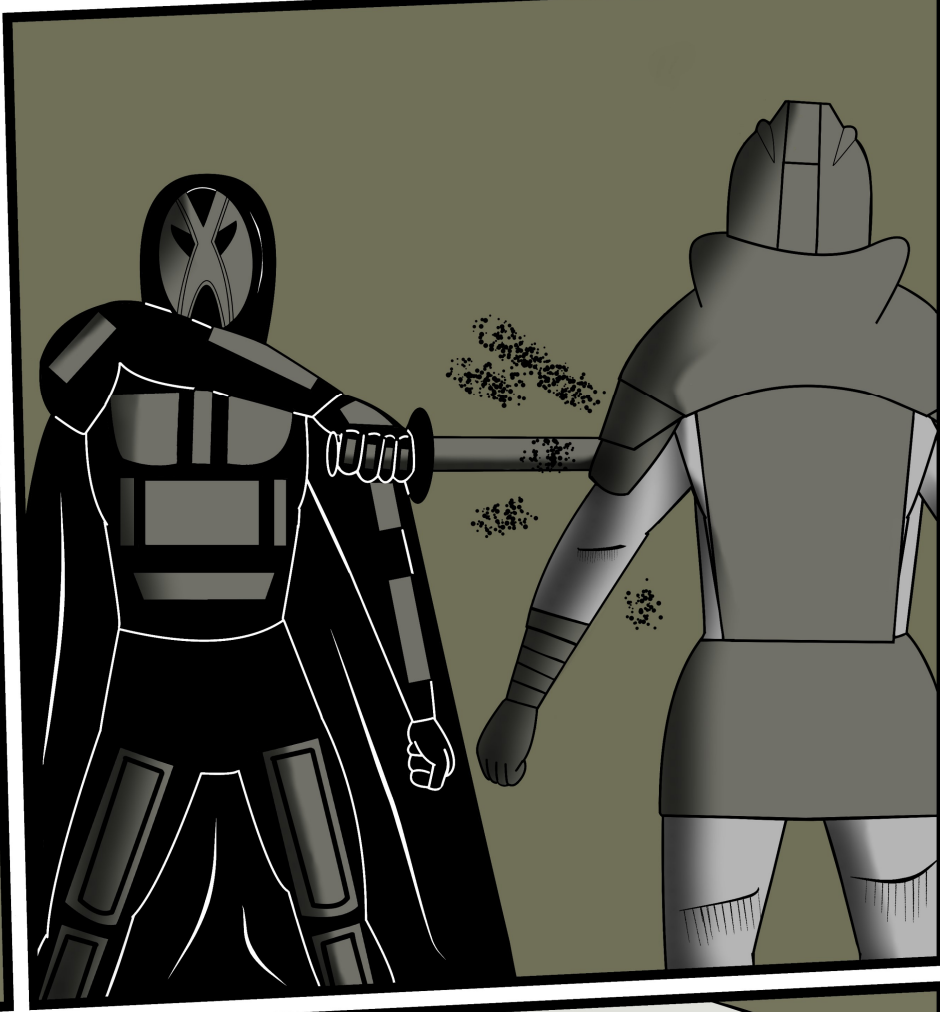

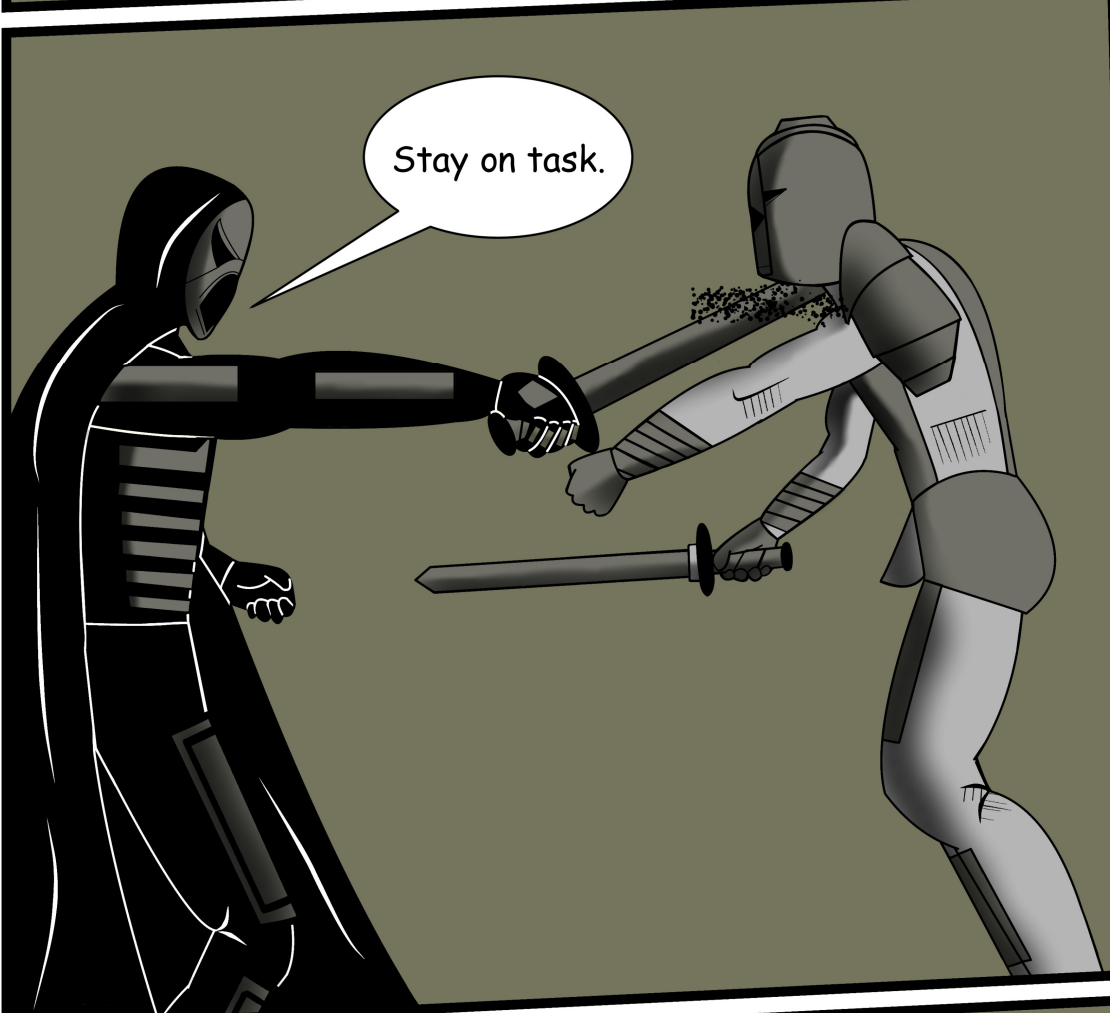

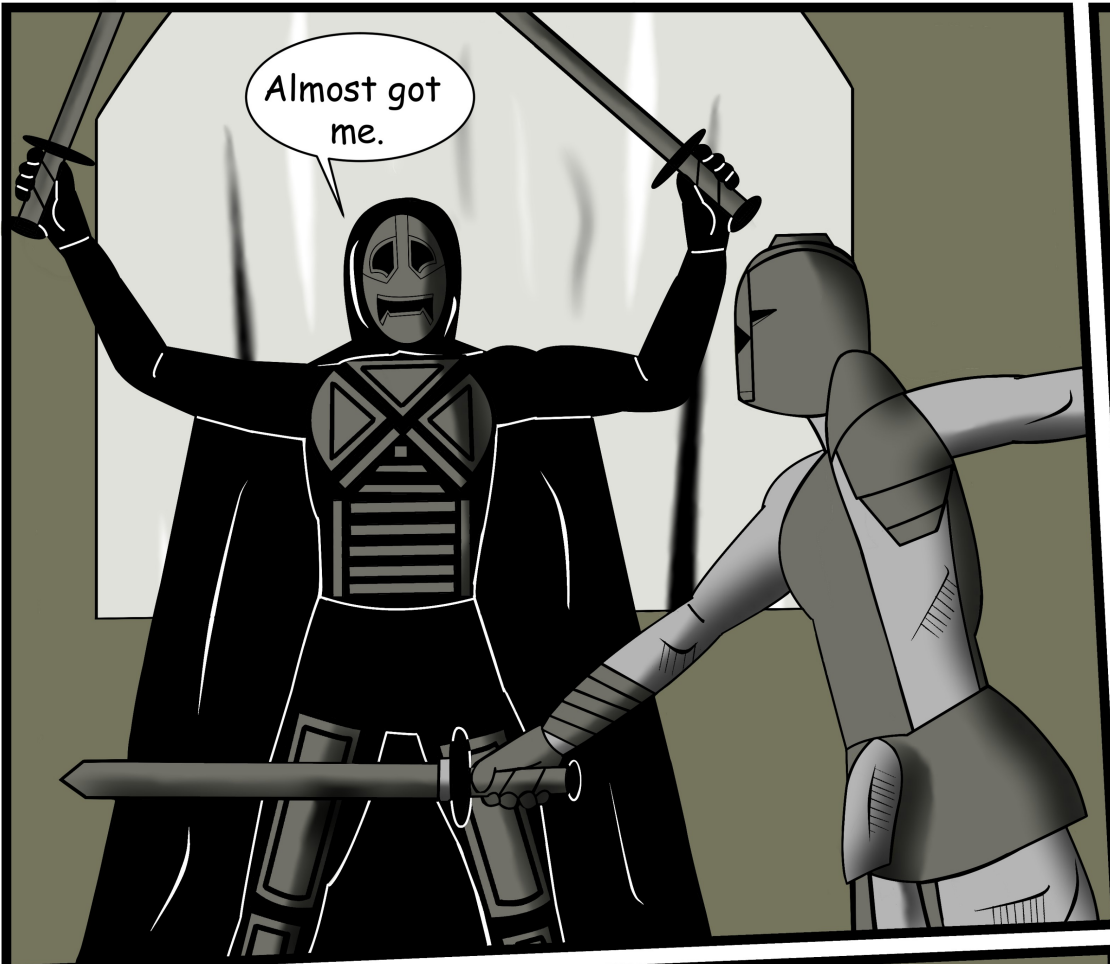

Homes can be taken.
Homes can be protected.
You have to be ready.

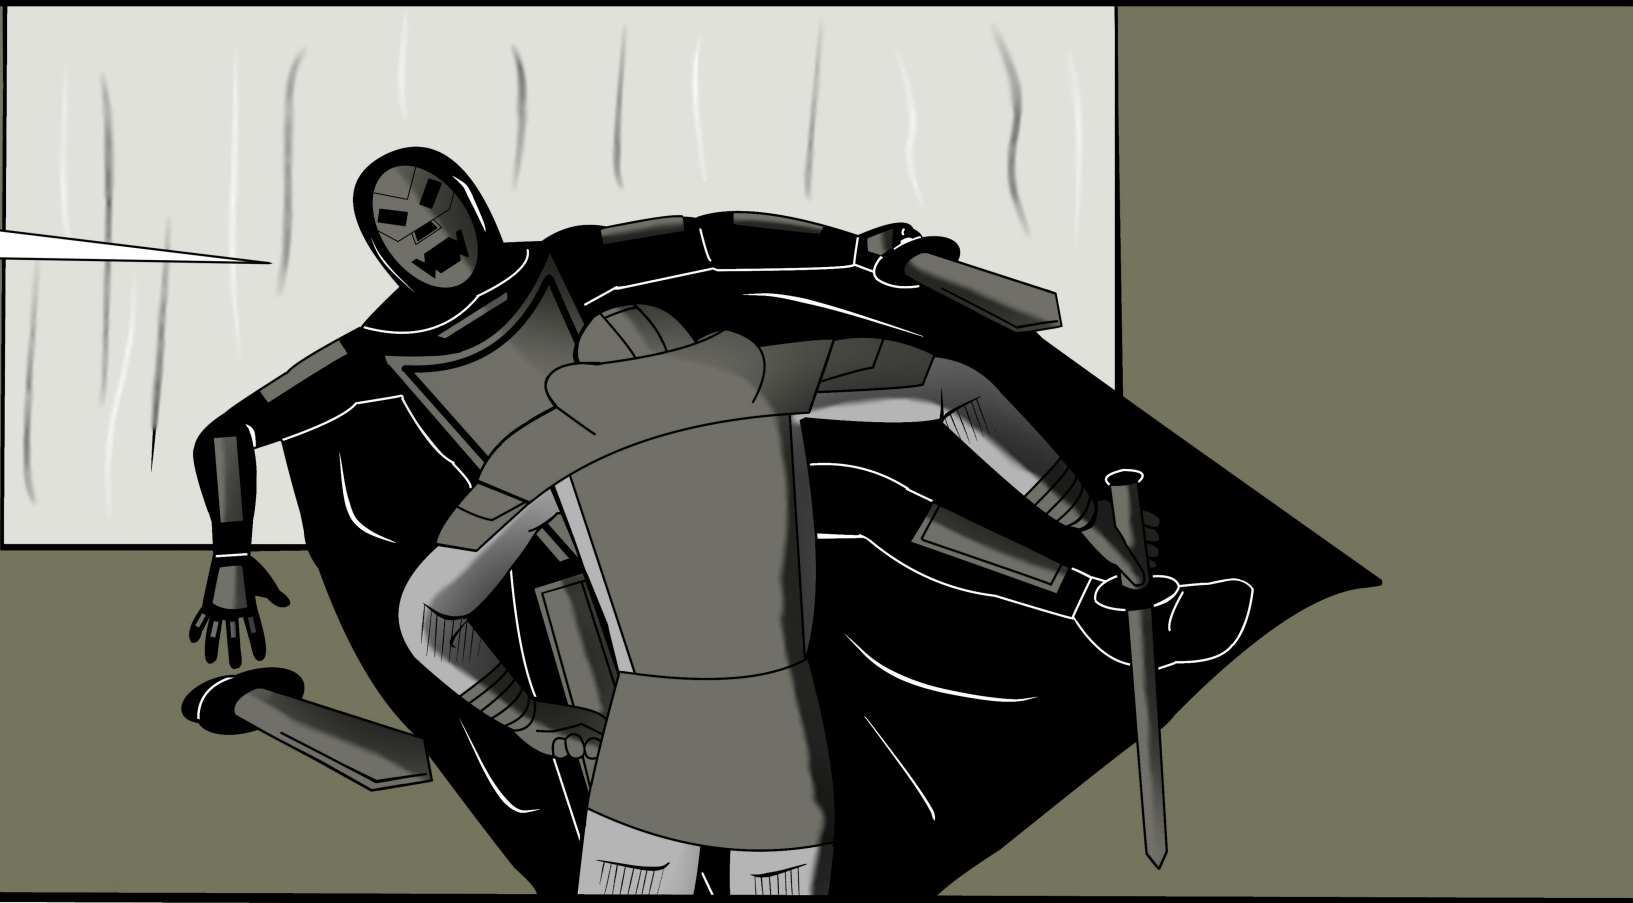

Good. There are more.

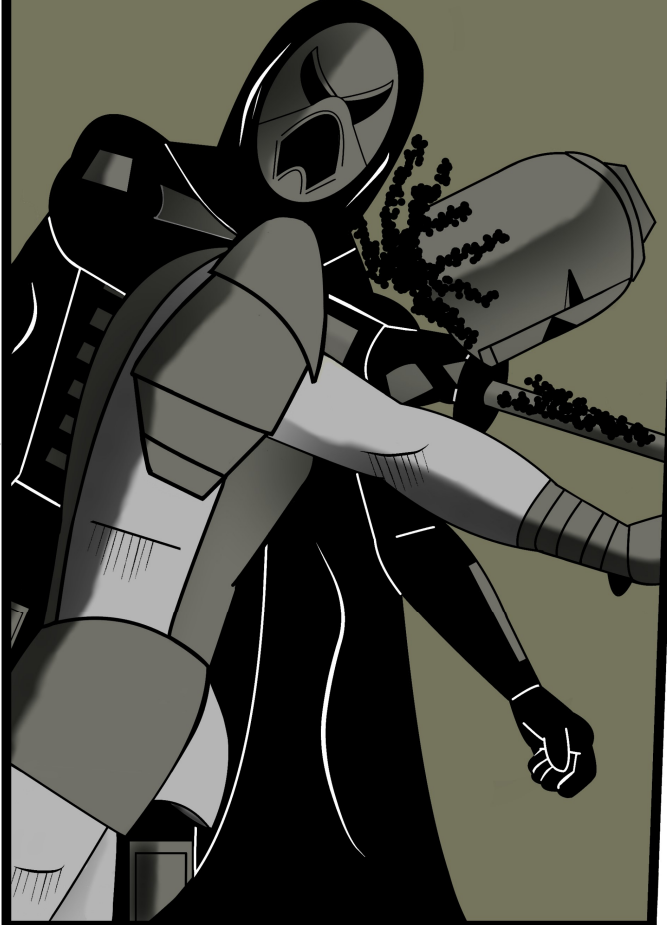

What the...

No!!!

TWAAAACK

When you are attacked you can lose control.

Klen!!!!

Roland. How are you?

You fool.

Stop playing around.

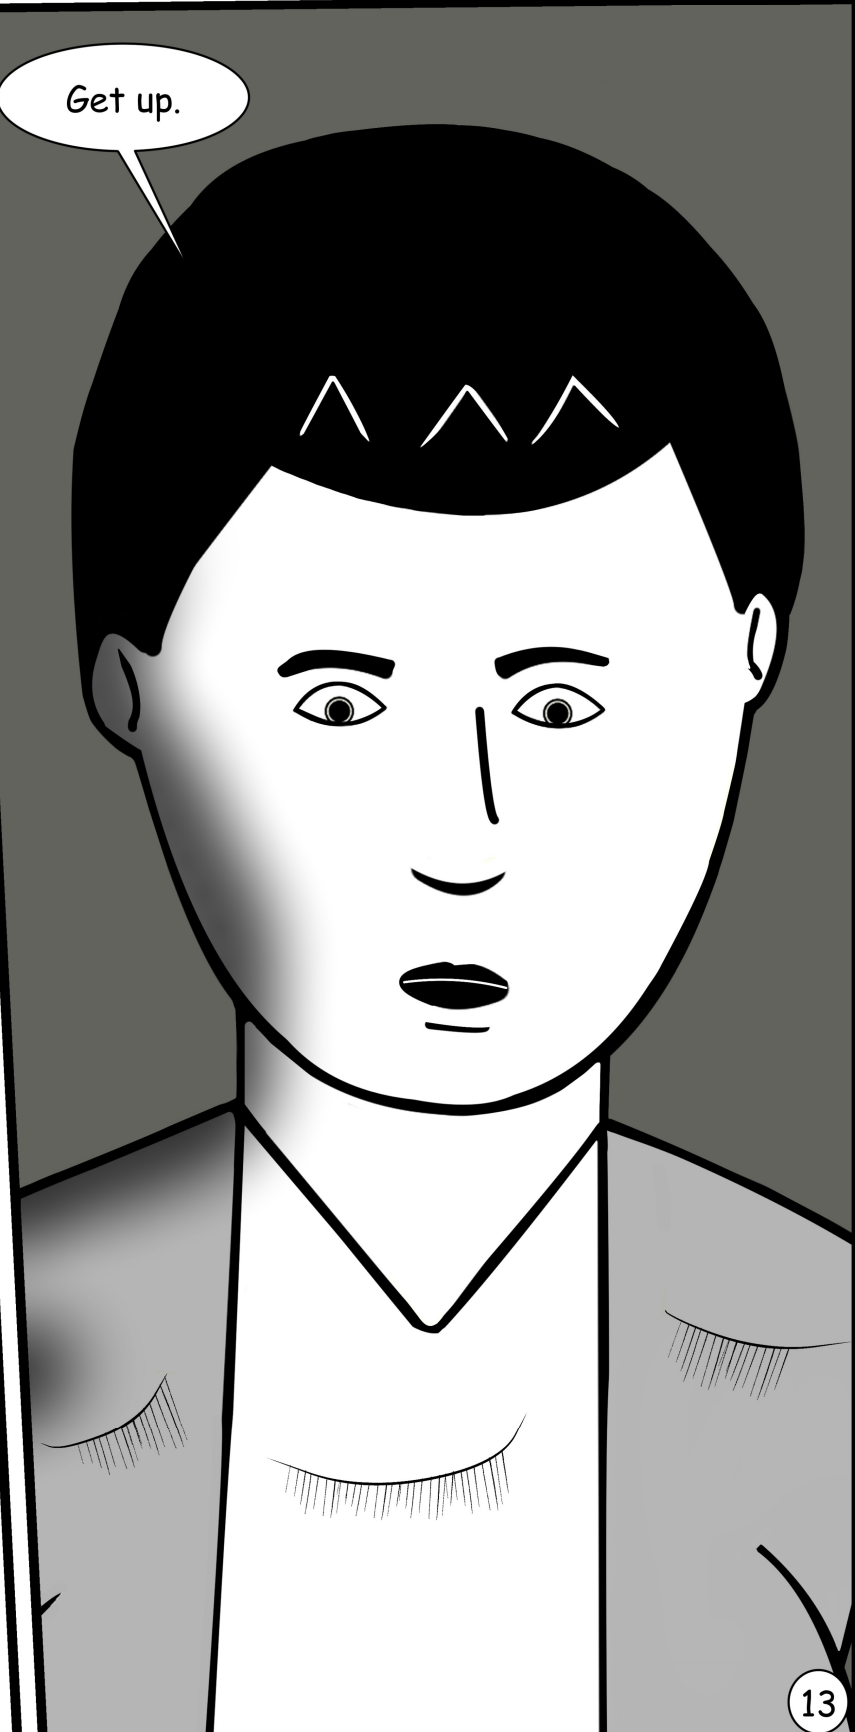

I was not... forget it.

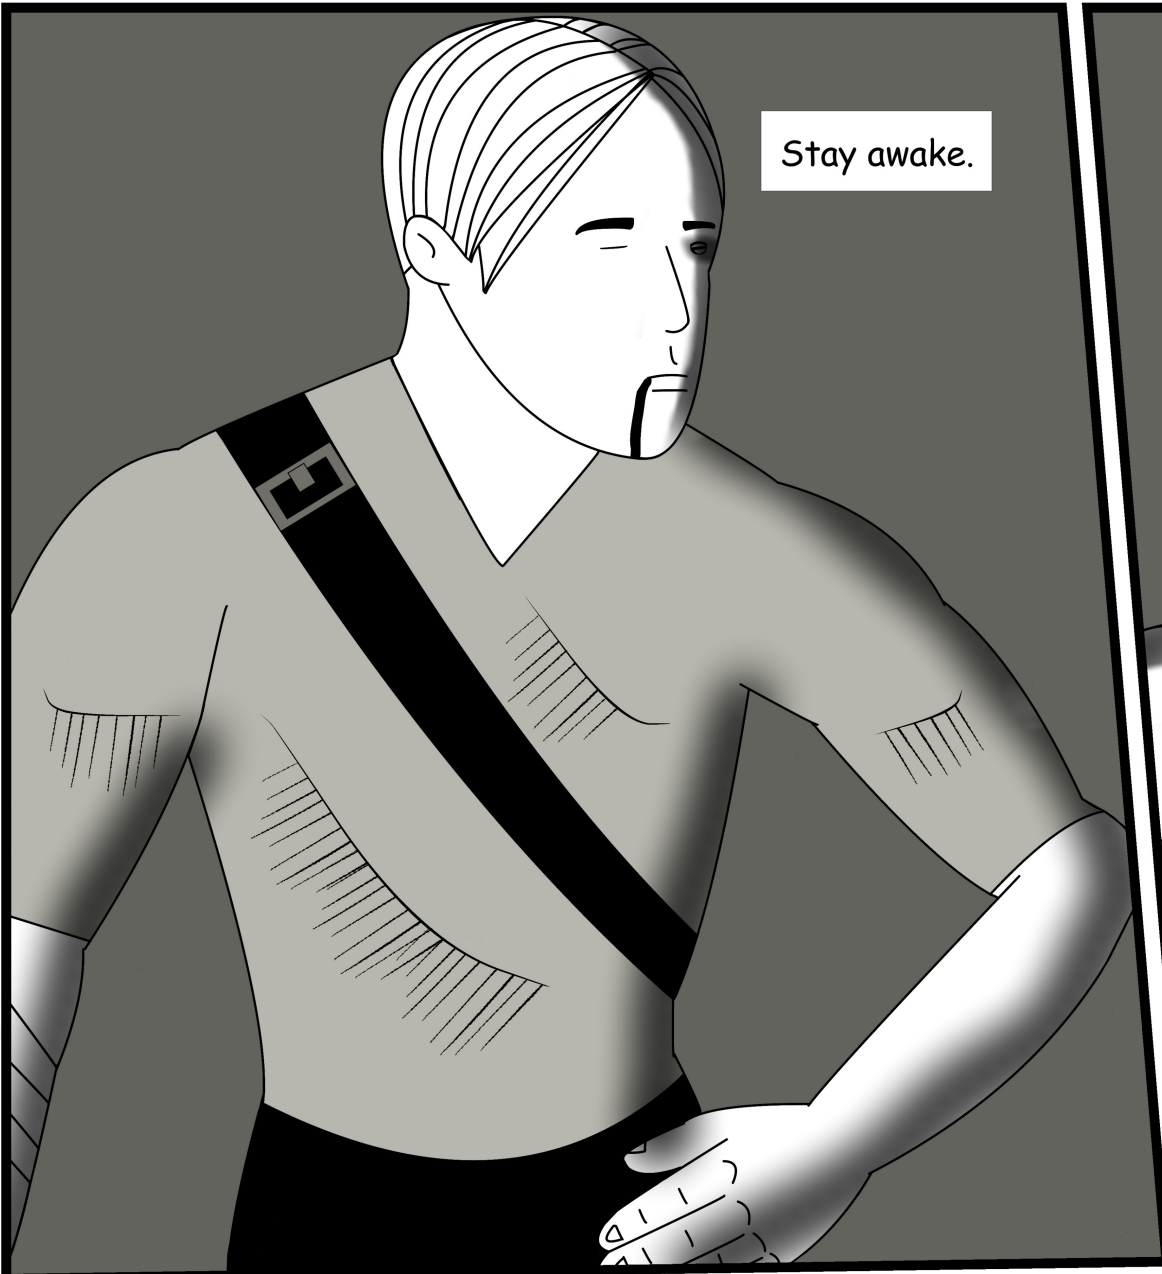

You two done hugging?

THUMP

Get up.

Stay awake.

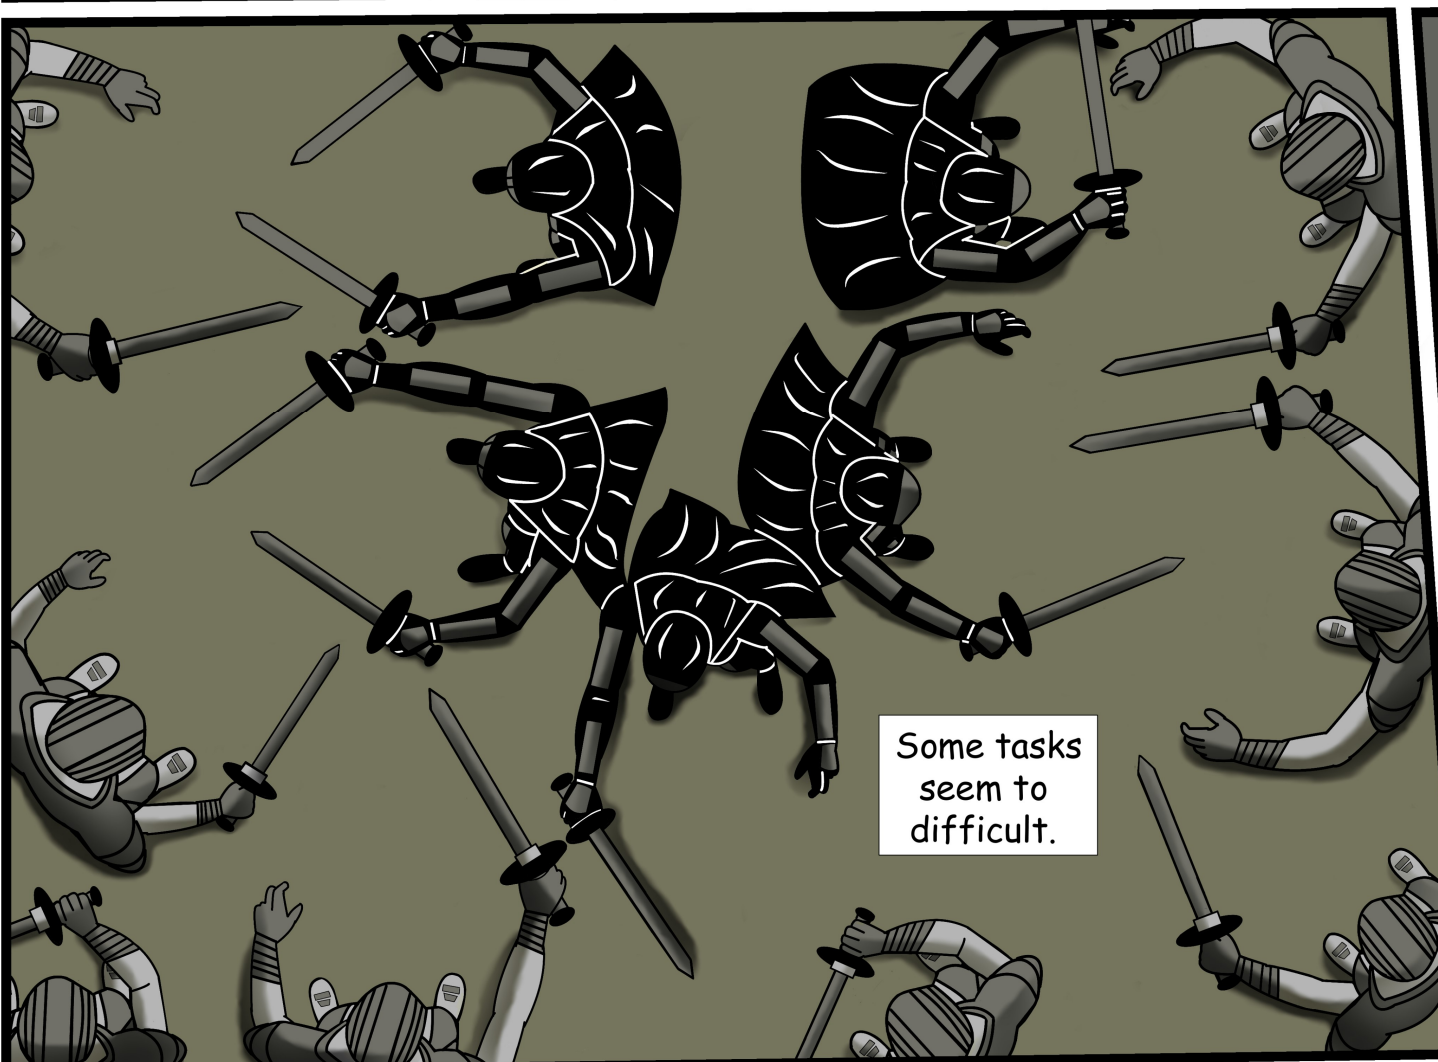

Almost there,
king Nepo.

King of what?
We are taking his
kingdom.

Back to back.

Some tasks seem to difficult.

Right now that task is walking.

Move one foot, now the other.

I do not feel like a king.

I miss mother.

I know. I do too.
You know something?

When I see you,
she is with me
again.

What?

I am coming home Megan.

Our home is strong as are the people.

We will get past this.

I forgot how loud that waterfall is.

I find it relaxing.

Quiet.

No more to fight?
Dissappointing.

Be ready.

I hear something.

My head is spinning. With one eye, it is hard to stay balanced.

Now what?

After you, my king.

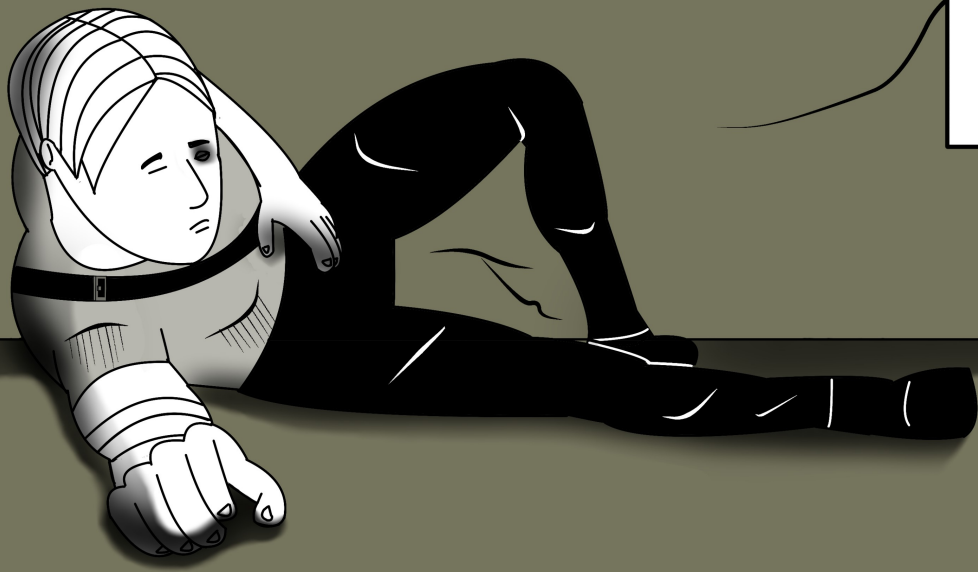

Down you go!

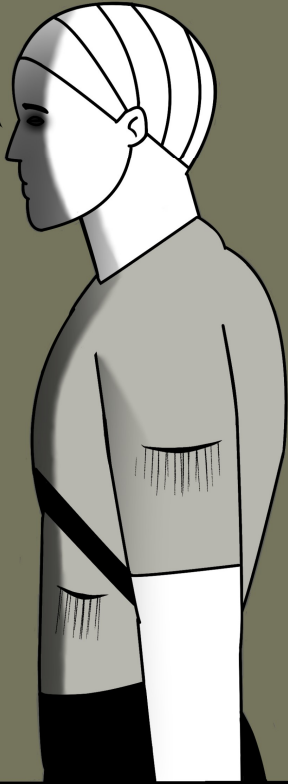

This is what they planned.

Douglas laughs with how much I plan to protect this place.

Is Wade too important to come down here with us?

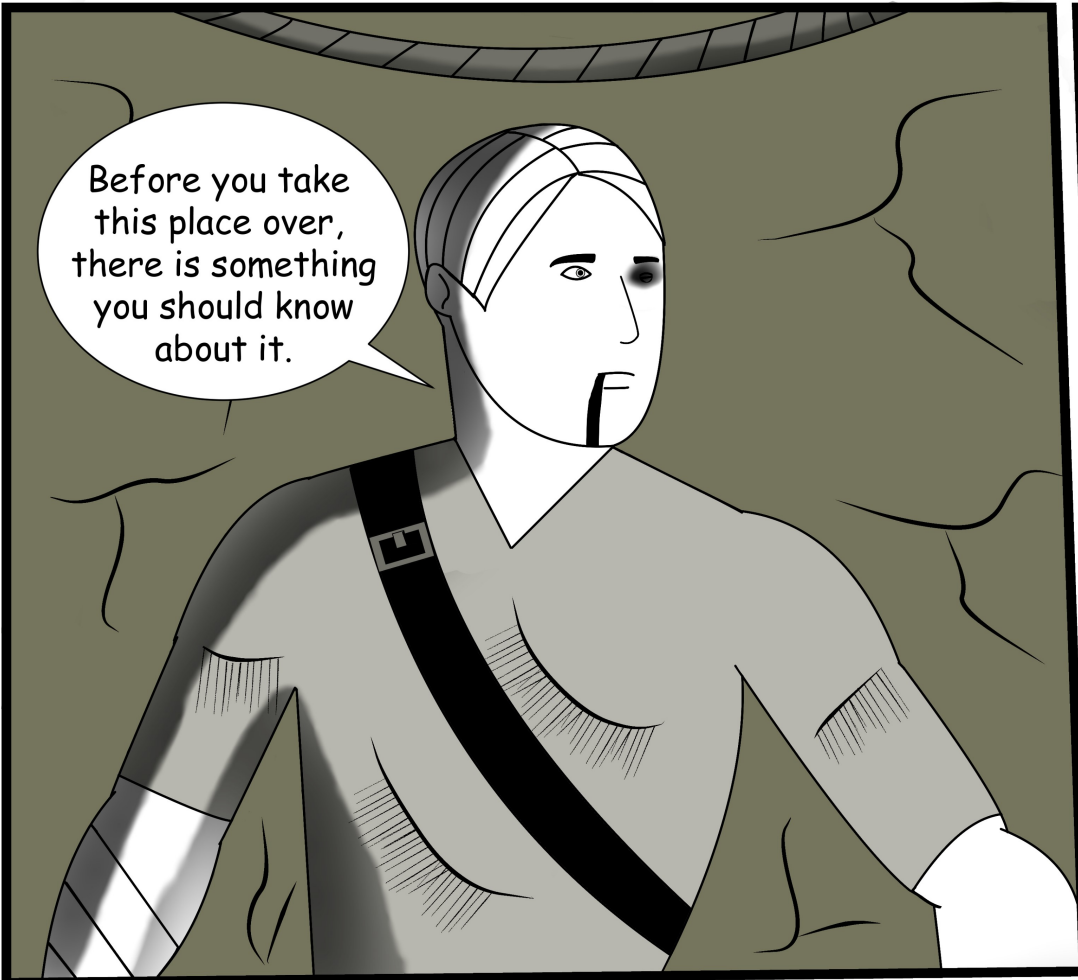

I would think that you would want a rest from your beating.

I have been hit harder.

Do not test me.

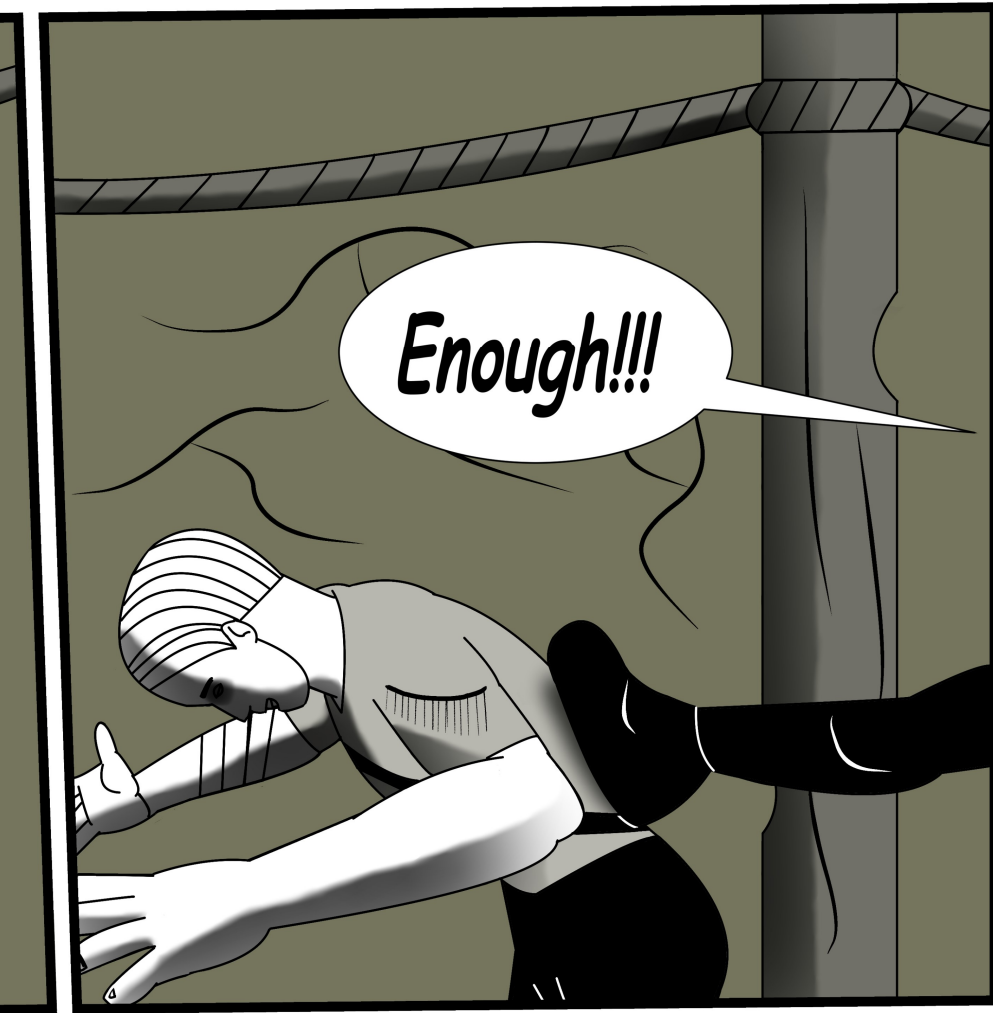

Before you take this place over, there is something you should know about it.

What is that king Nepo?

We put much thought into how we would protect it.

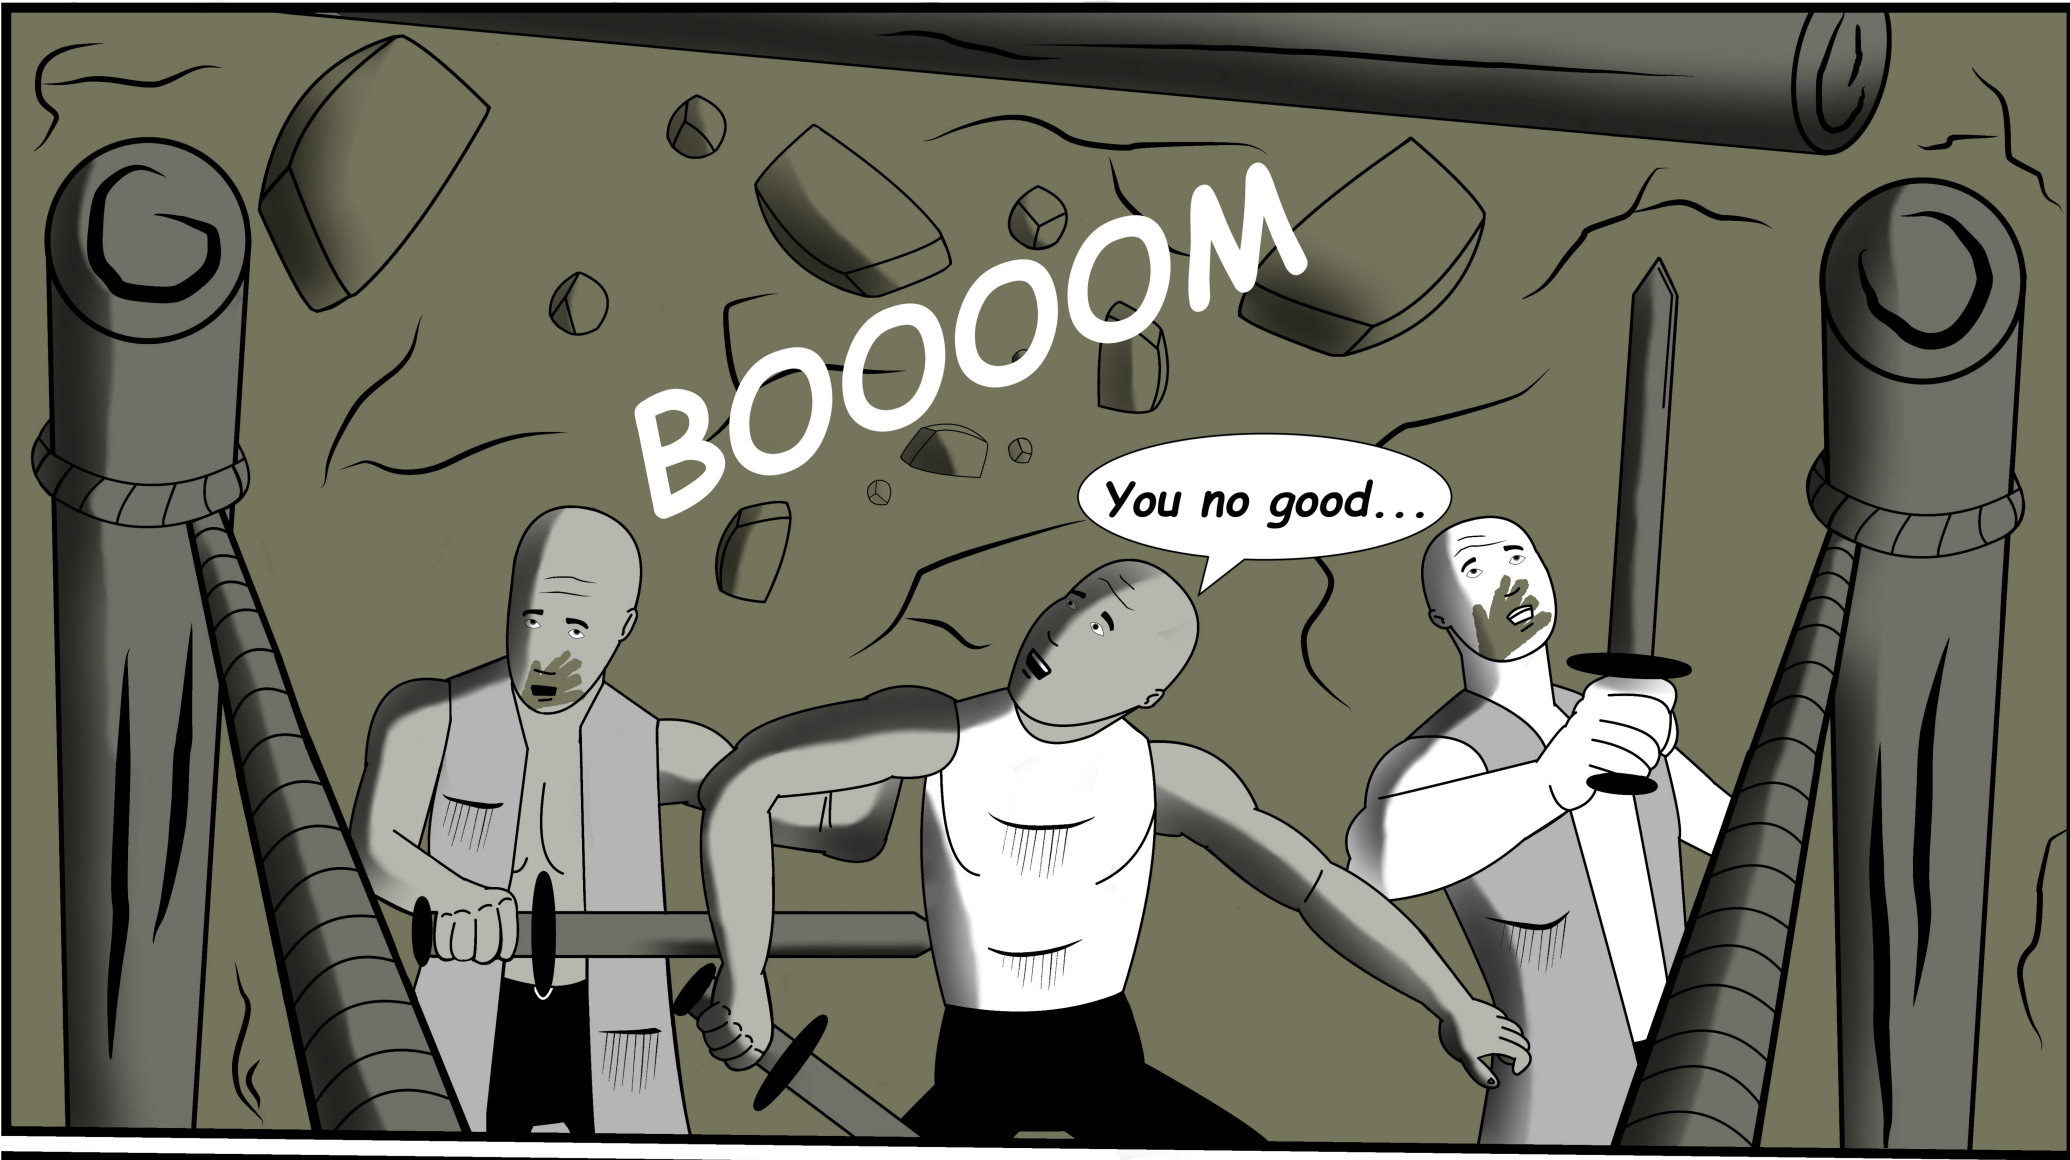

Enough!!!

Now get up and tell your people to follow the plan and leave.

There is a plan, but it is not yours. **Now Douglas!!!**

BOOOOOM

You no good...

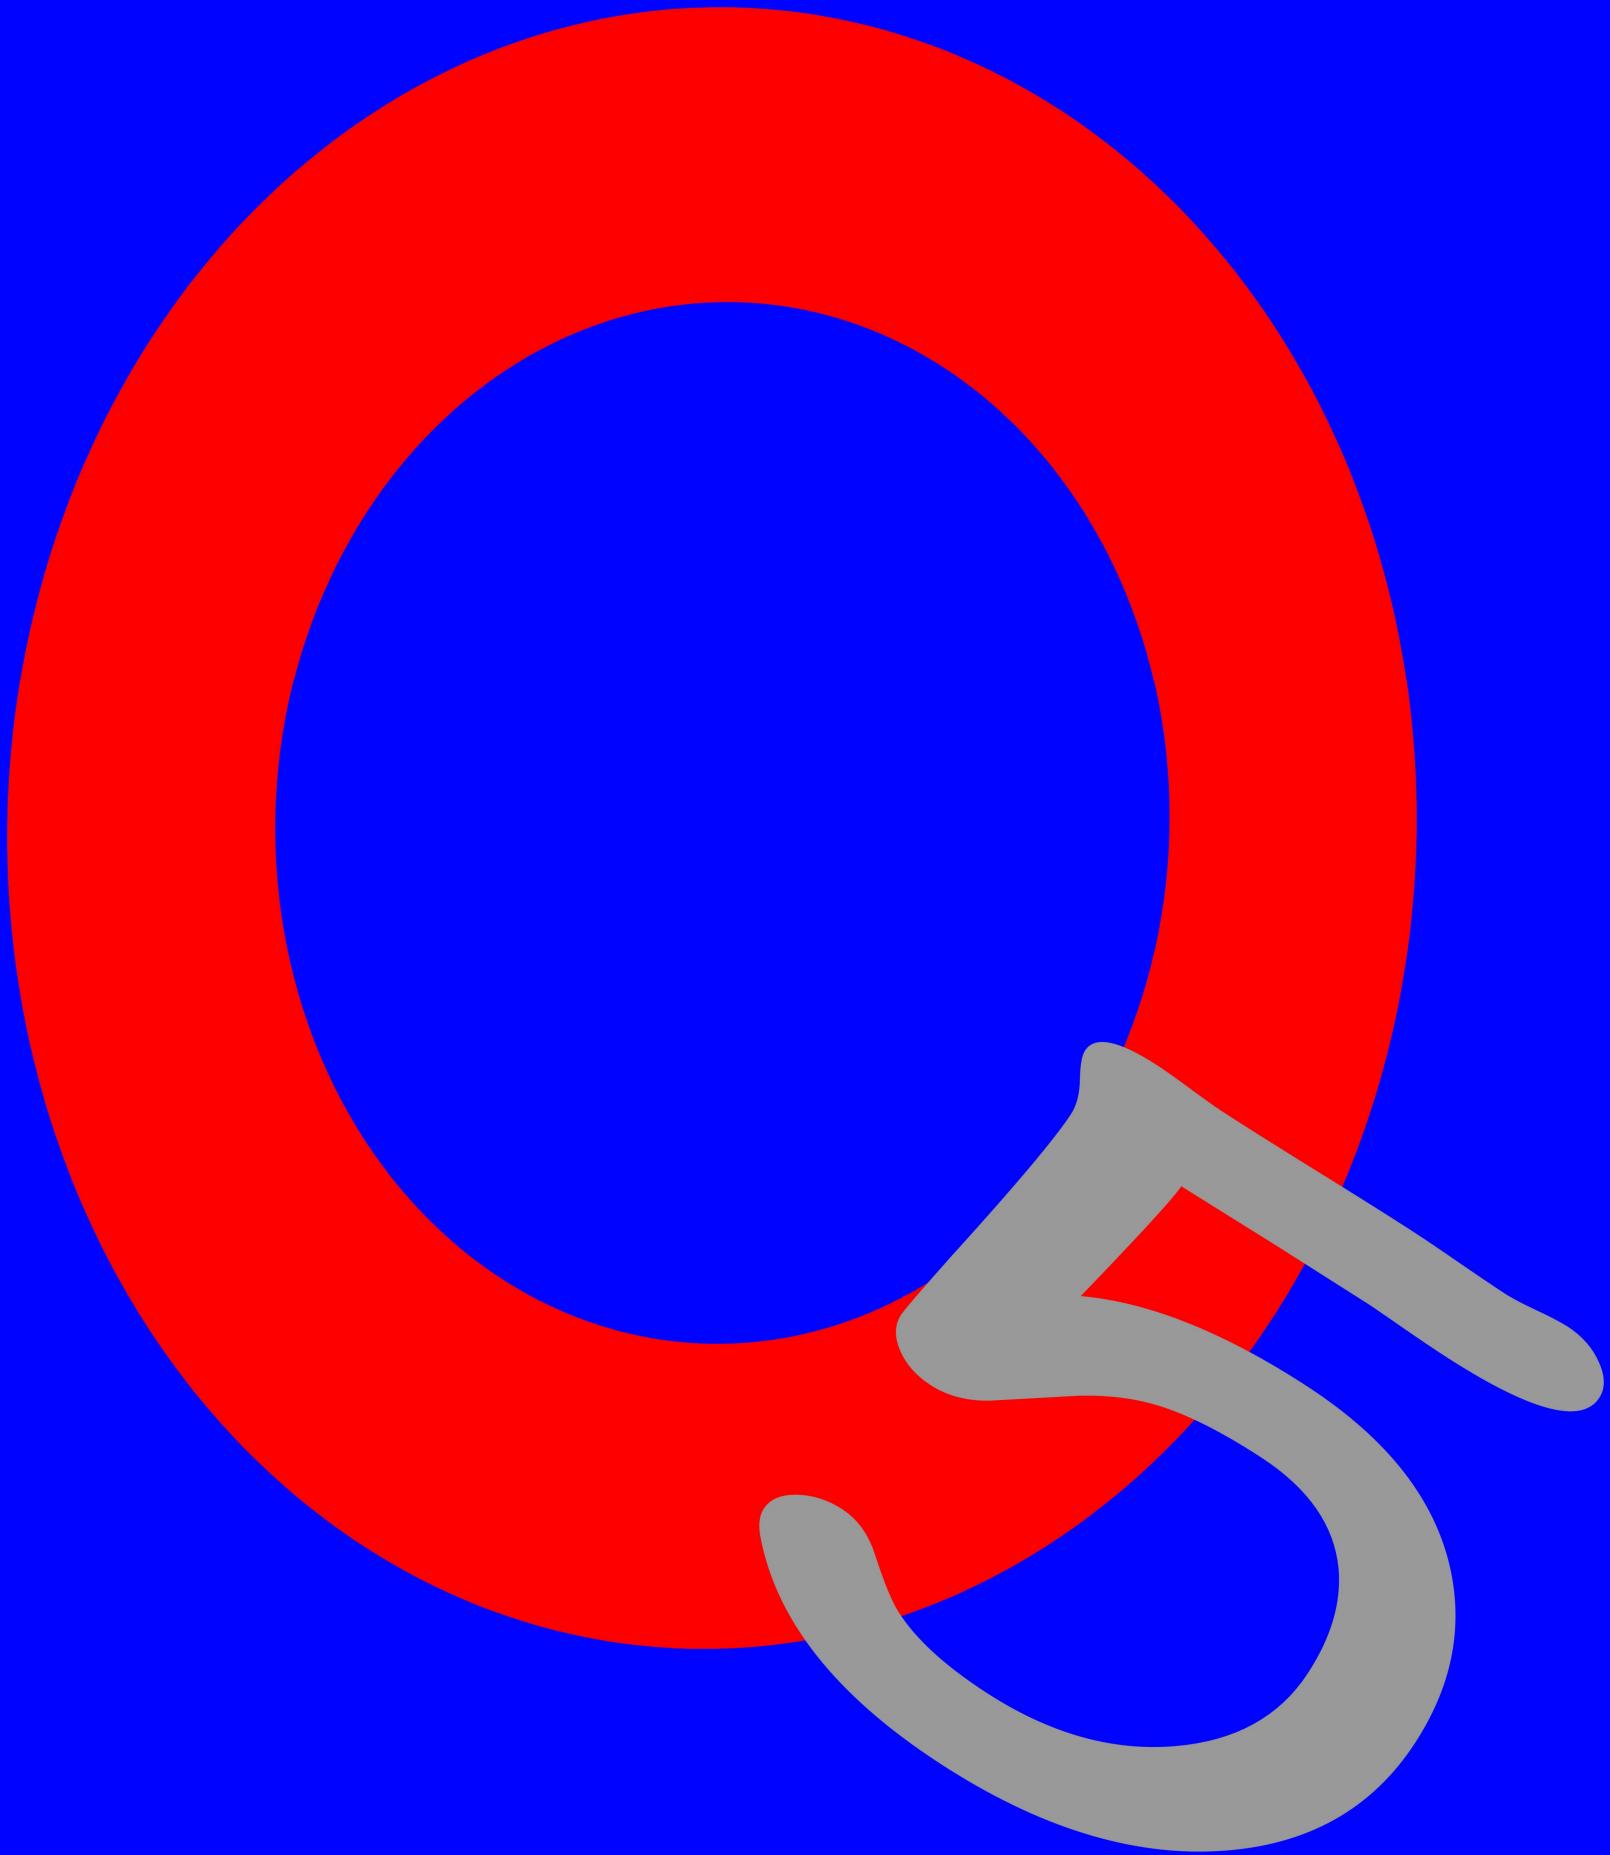

AGH!!!

THUNK

Retreat.
