

The  
Queen's  
FiVe

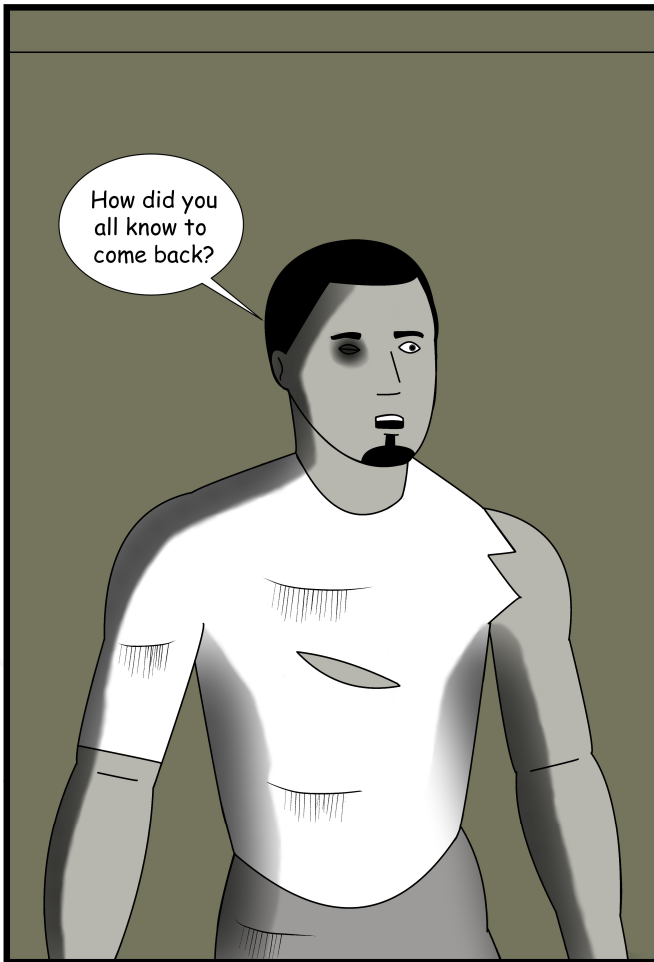

Return  
to Royalty

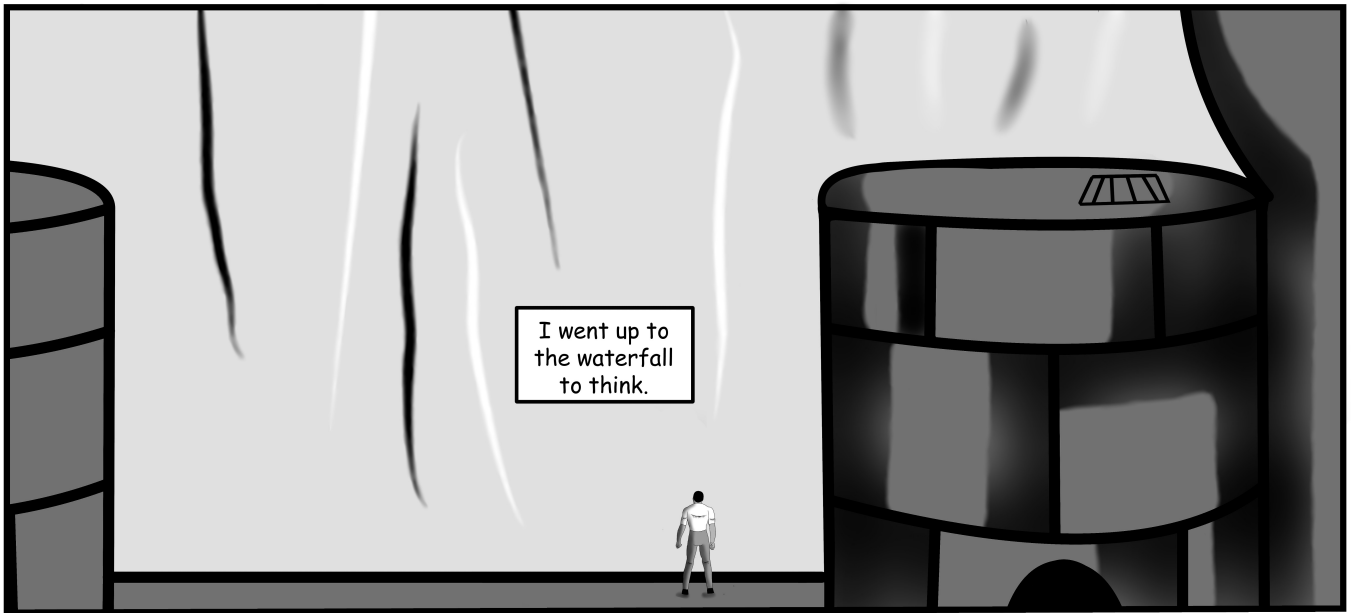

Nepo set a trap.  
The brothers  
are searching  
for King Hiram...

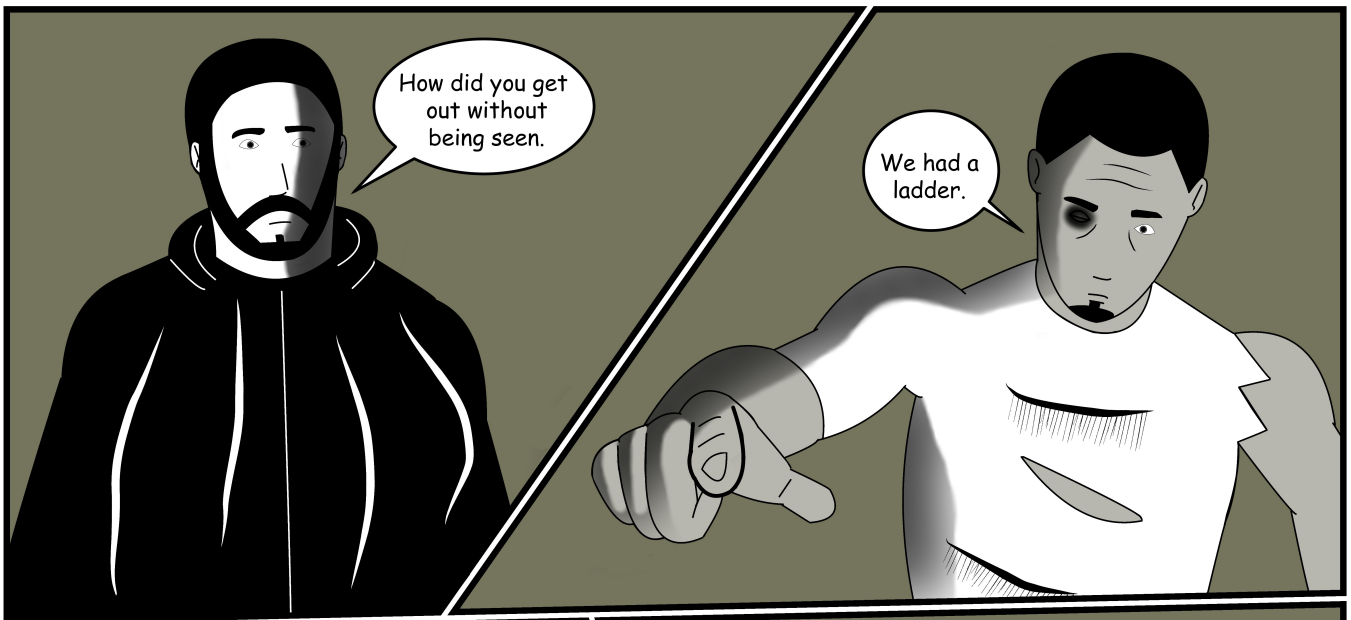

I went up to the waterfall to think.

That is when I saw him.

I knew that we were all too weak to fight. I needed to get my family out of here.

How did you get out without being seen.

We had a ladder.

It is still here.

Looks like your attackers left the same way.

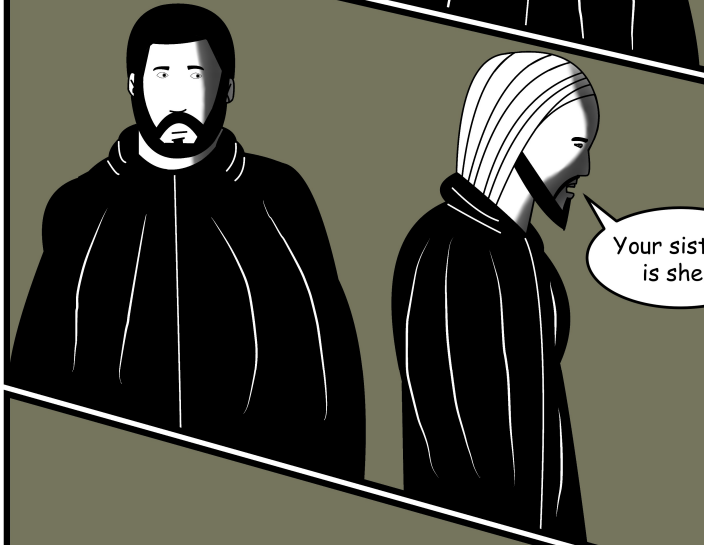

What could have made you all so ill?

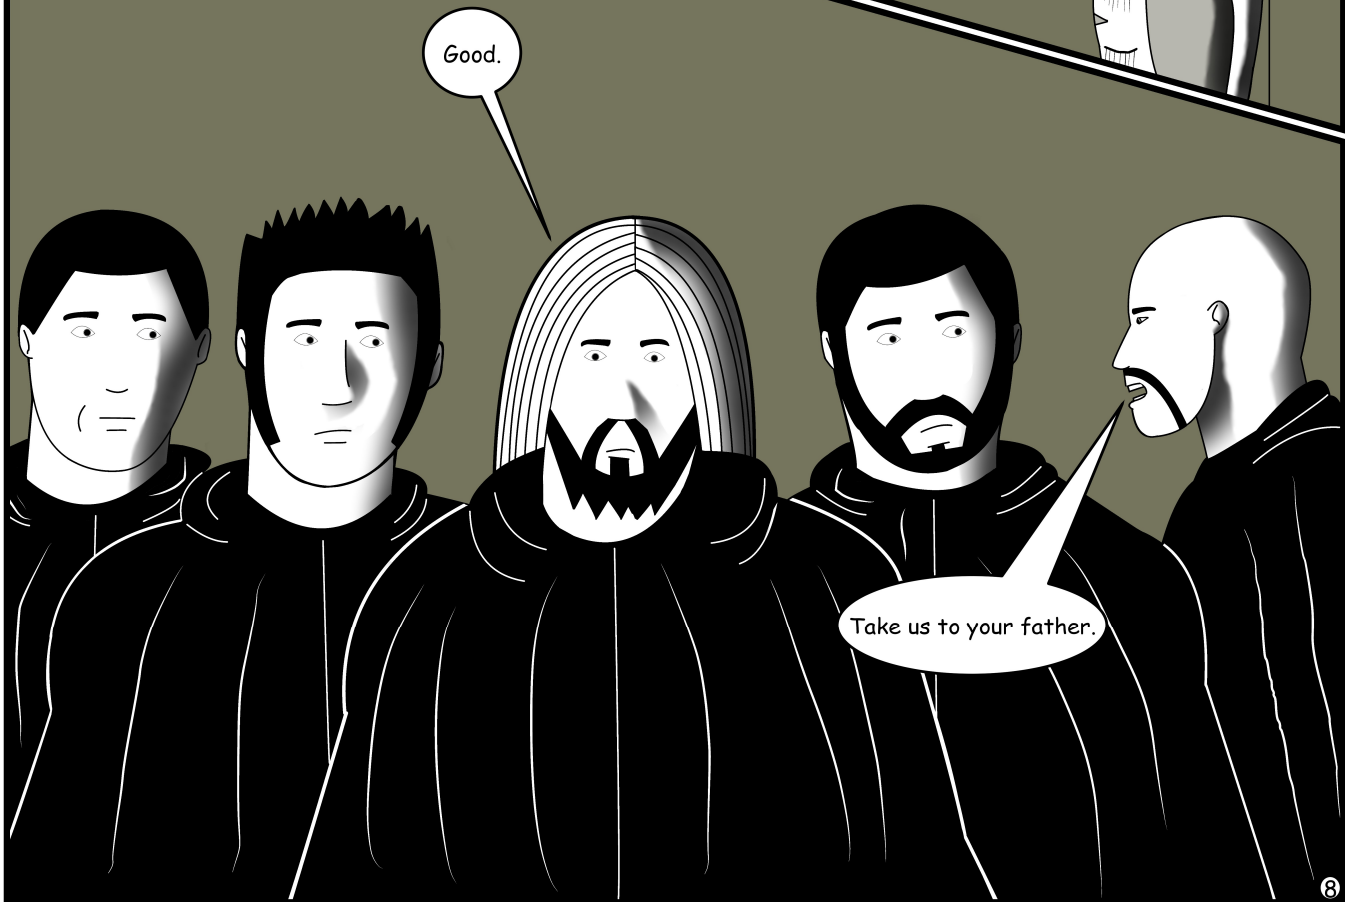

Their leader was an evil man.

Your sister... is she...

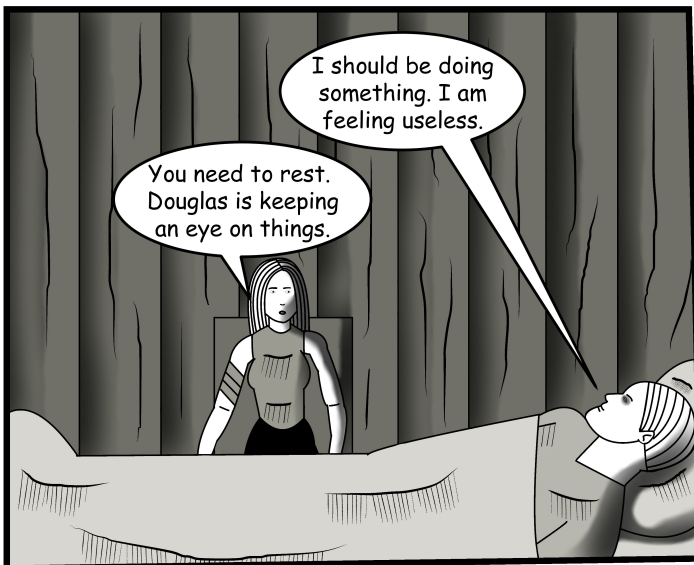

She should be safe.

Good.

Take us to your father.

You need to rest. Douglas is keeping an eye on things.

I should be doing something. I am feeling useless.

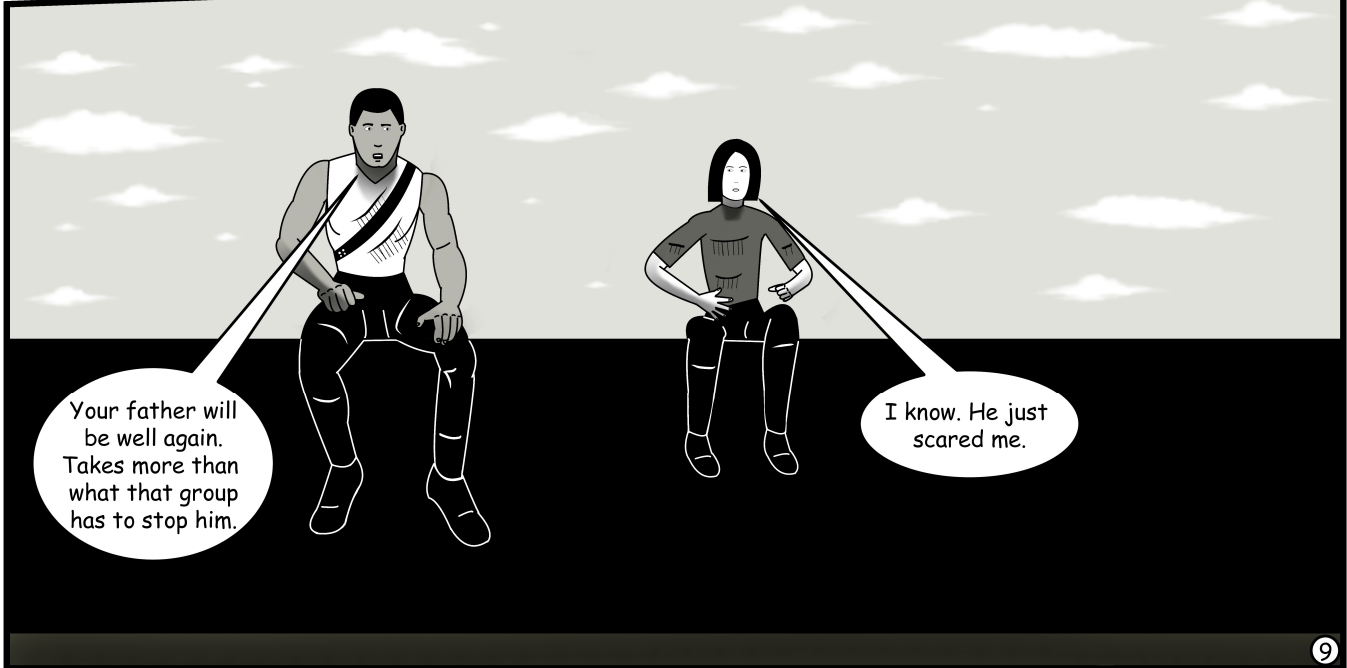

I am glad he is, because I feel terrible.

Well you look terrible so it all adds up.

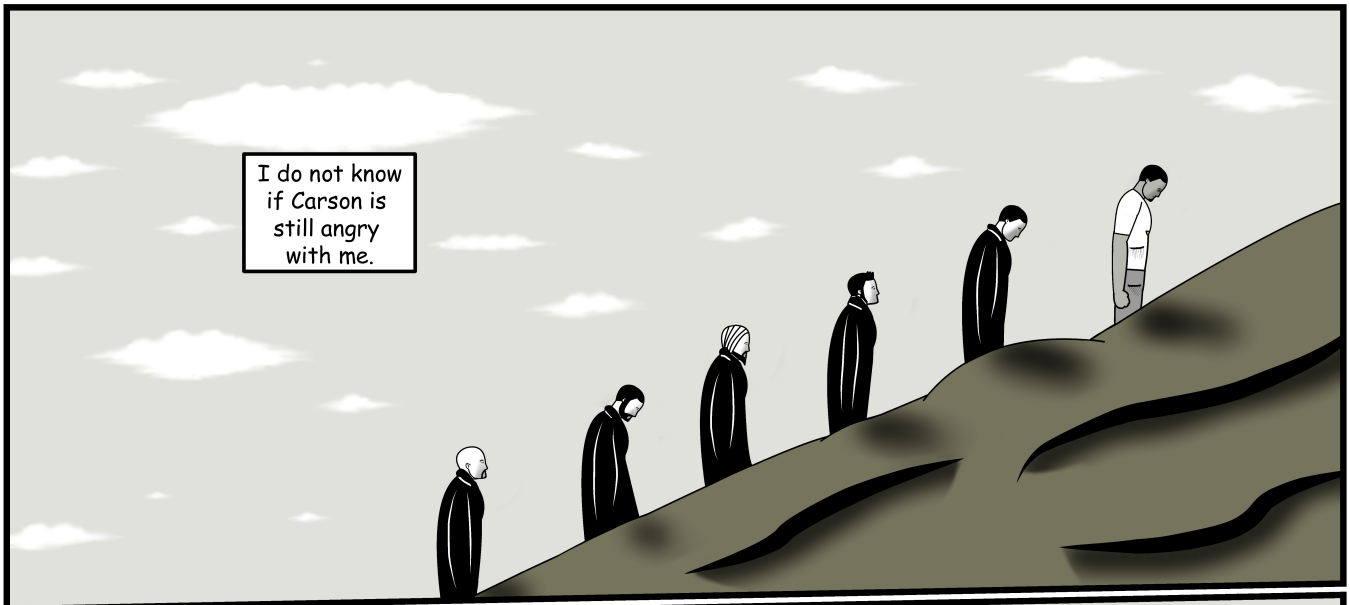

Ha! I appreciate the honesty.

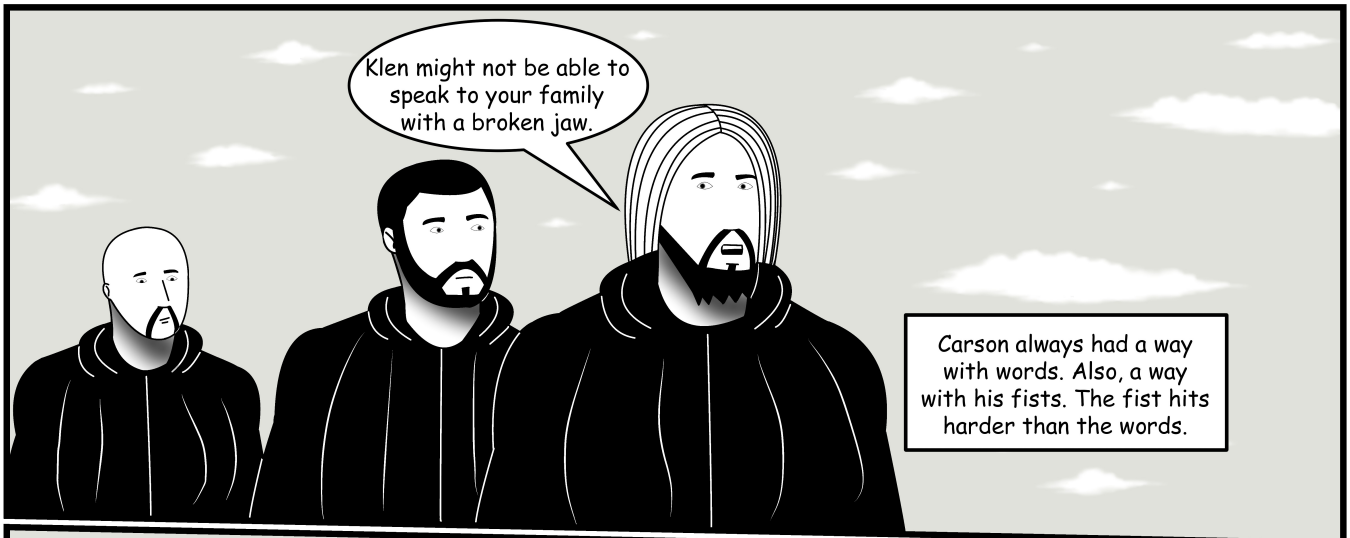

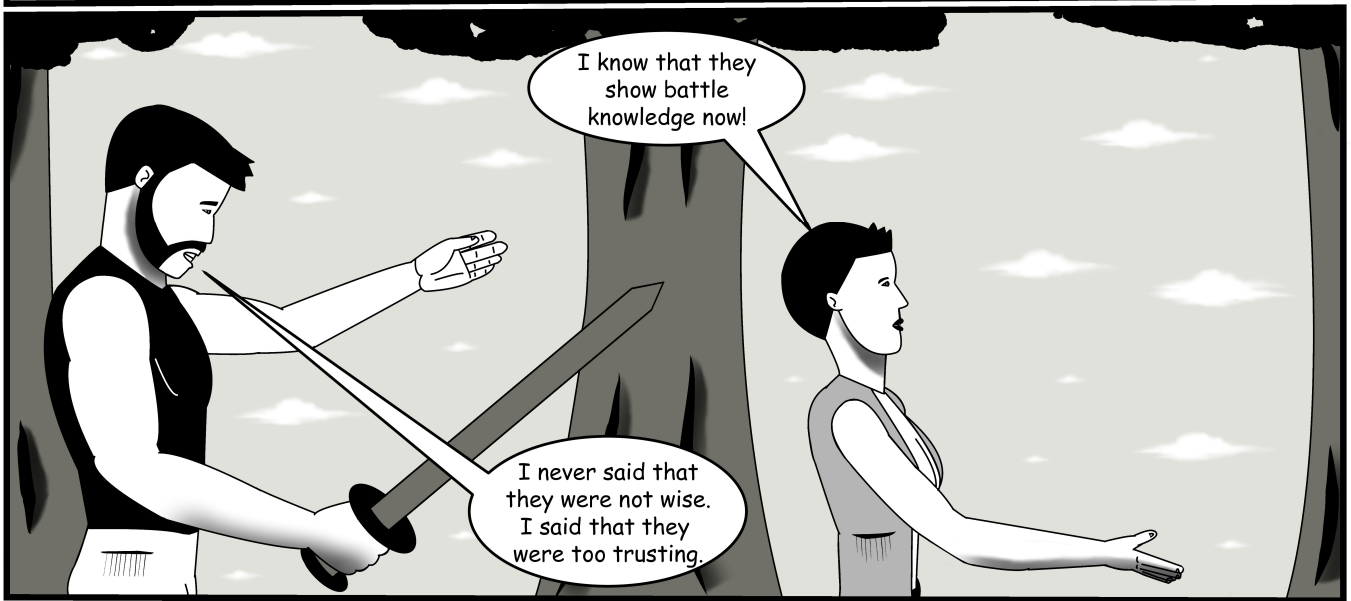

Your father will be well again. Takes more than what that group has to stop him.

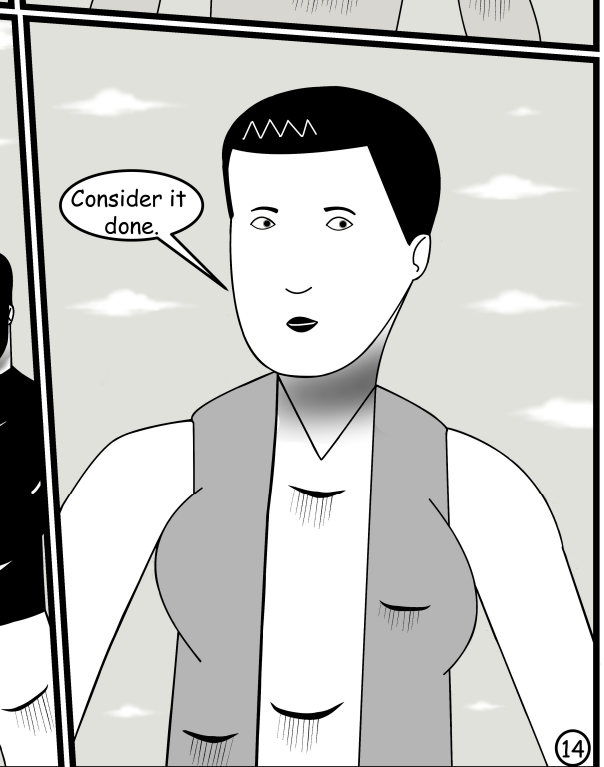

I know. He just scared me.

My father might think that I am dead.

Stay here. I will get my father.

I hope father is happy to see me.

Nervous?

Want to die?

My boys!!! You have returned!!!

Father looks so thin.

King Hiram, my friend!  
We are here to serve you.

Thank you Roland. I  
always hoped to see  
you all again one day. Did  
Thomas send you?

We did not part  
ways with Thomas  
on the best of  
terms.

To put it lightly.

Hello Carson.  
It is so good  
to see you  
again.

Hello Julia.  
You look well..  
Not a word Klen.

He always takes  
the fun out of  
things.

You are just seeing that?

Your home is safe now.

Thank you.  
We were  
all so sick.

We think they  
poisoned your  
well.

So it was our  
water and  
not our food.

Klen, Gabe, go back  
and make sure  
there are no  
more threats.

What is this?

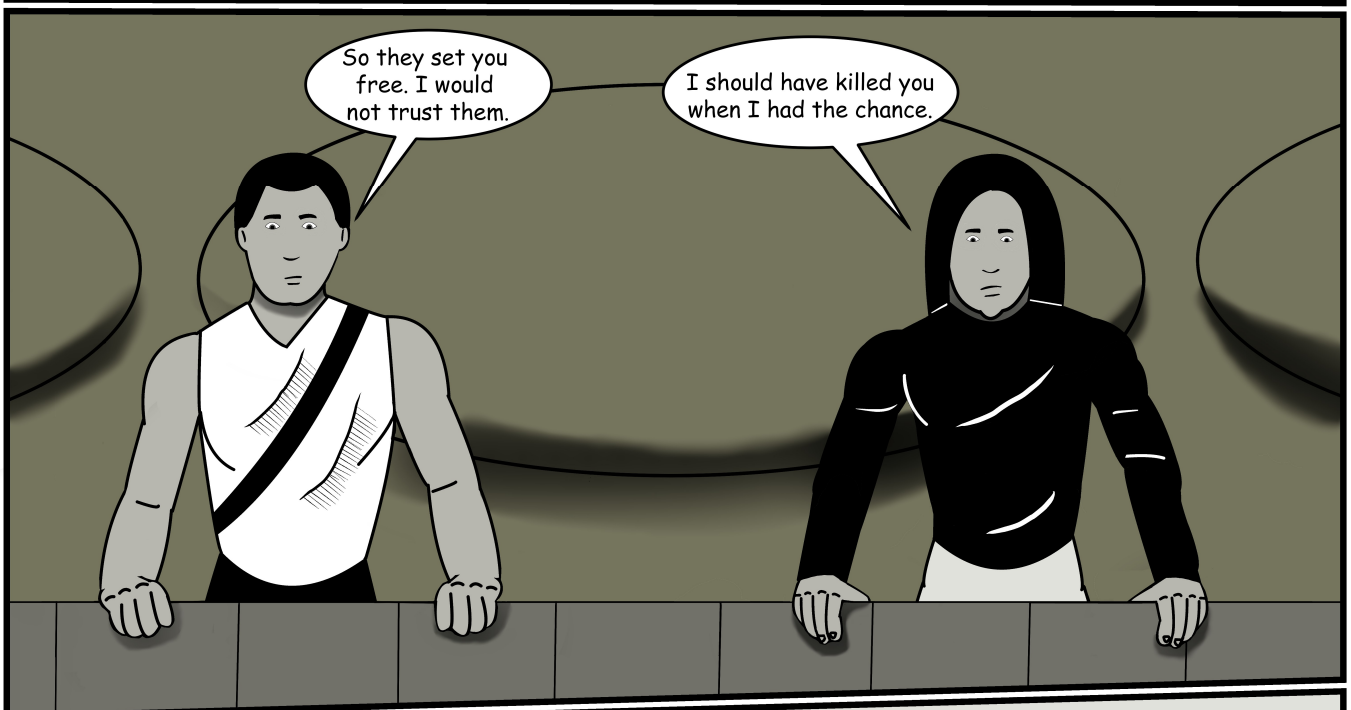

Mushrooms. What are the chances they are what made everyone sick?

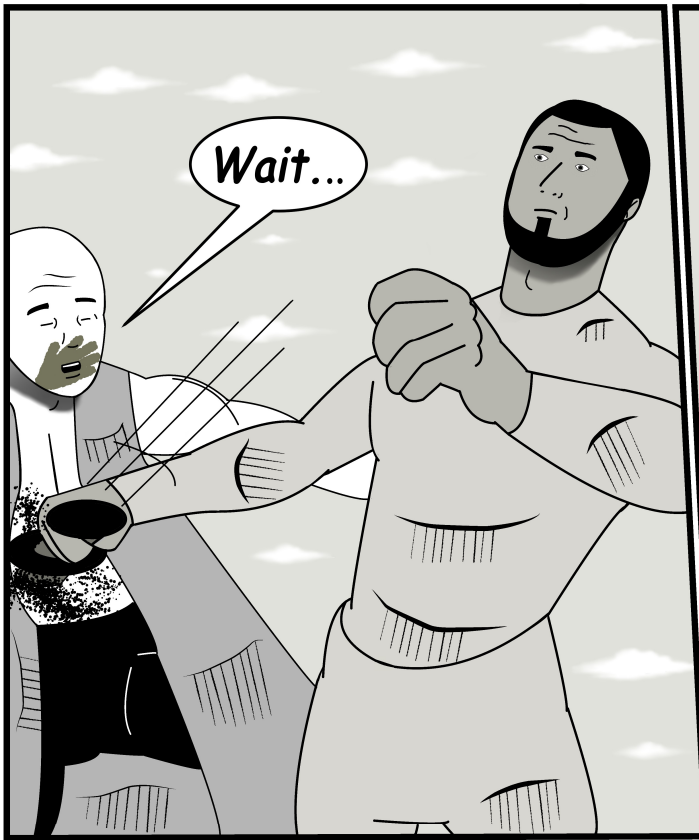

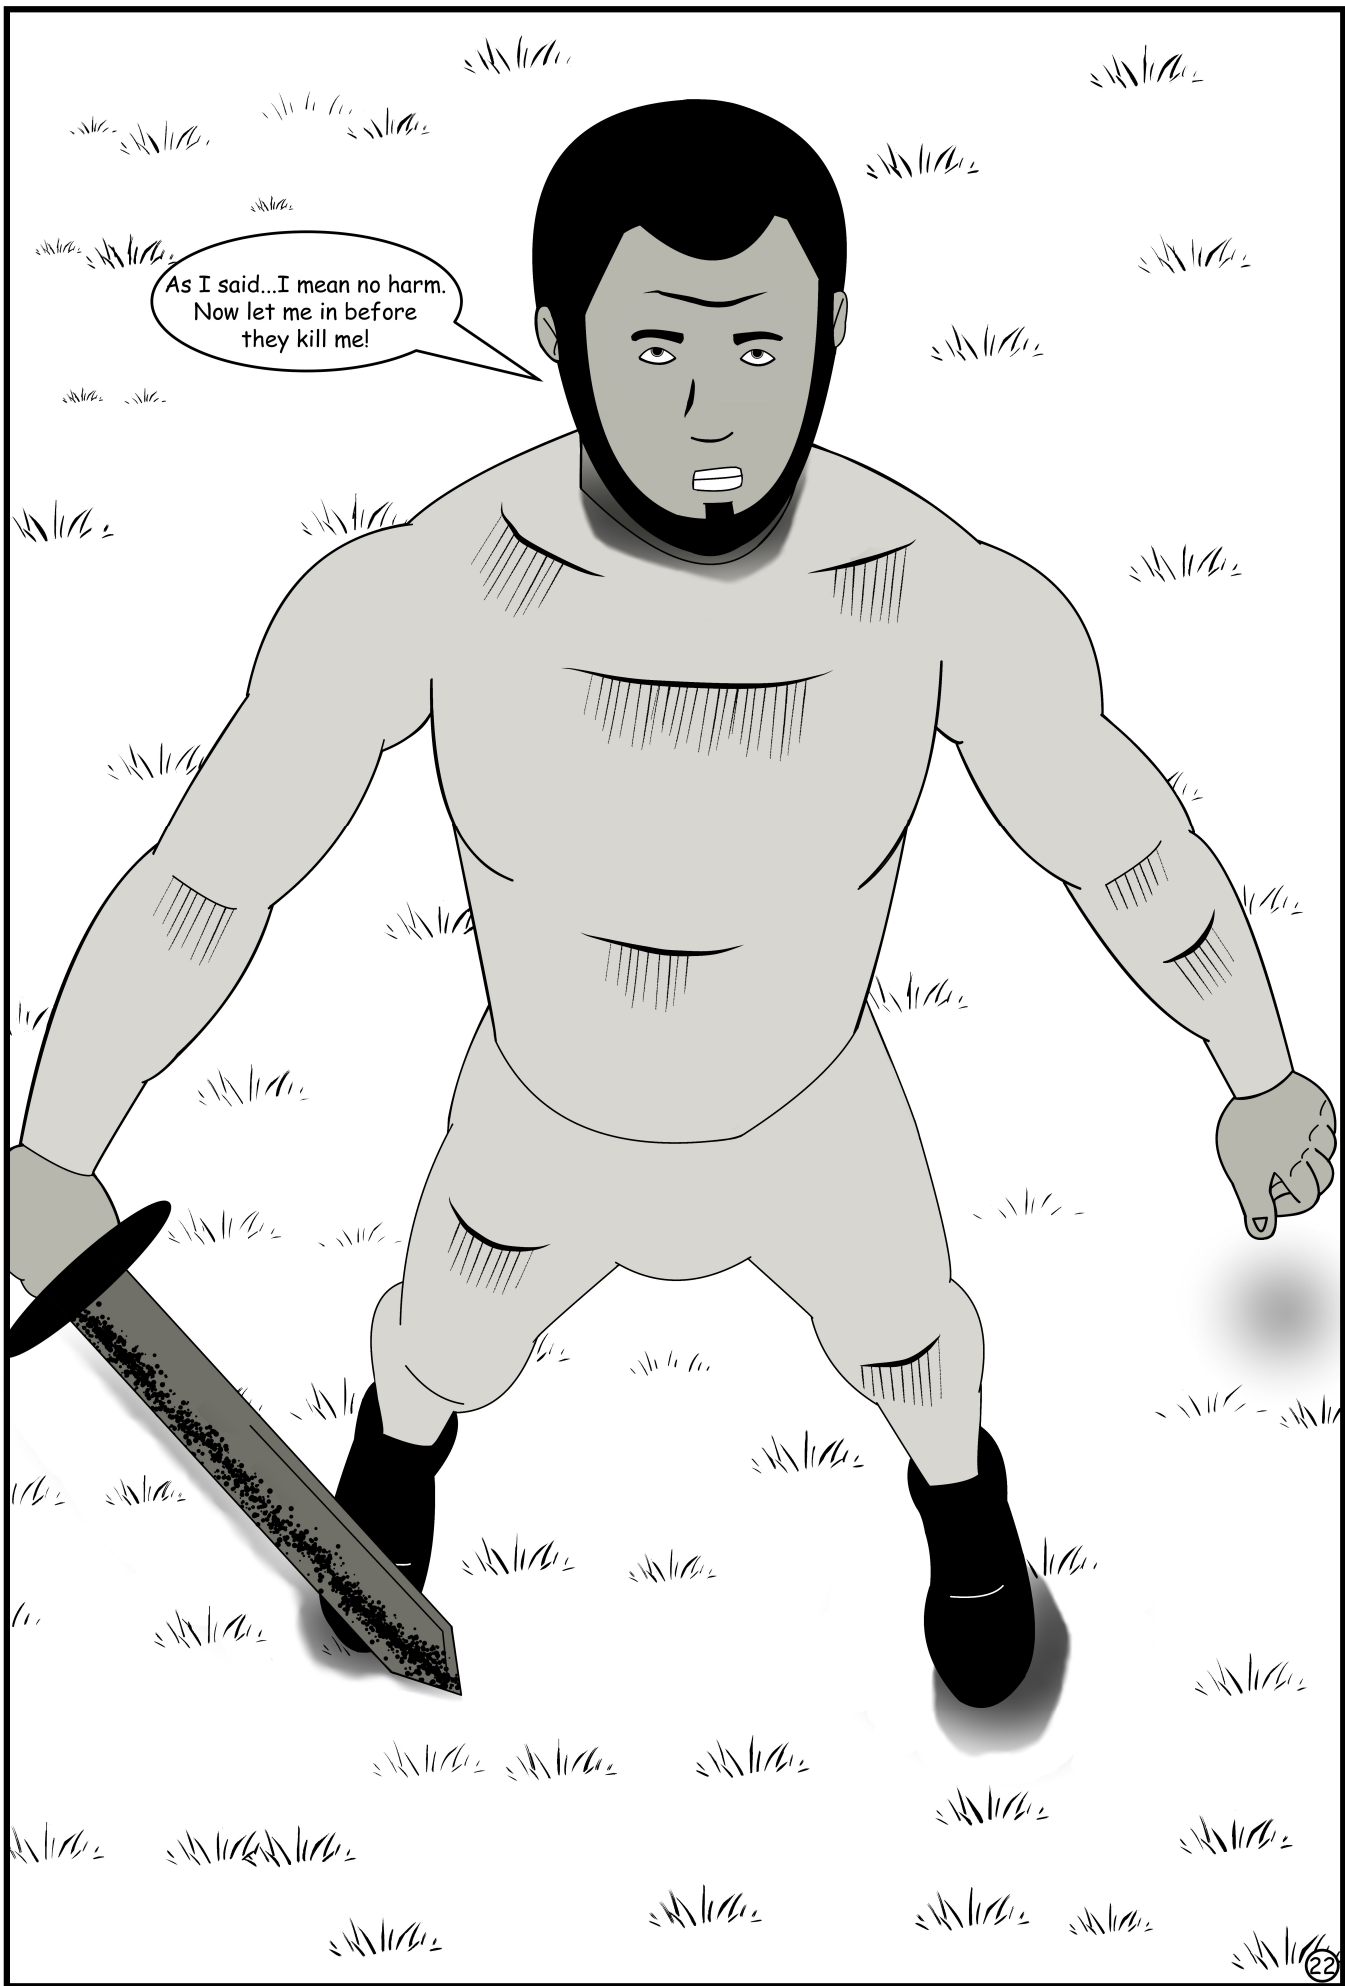

Try one and tell me.

Poison?

You first.

As I said...I mean no harm.  
Now let me in before  
they kill me!
